Midland, Texas 79701

MESSAGE FROM OUR CHAIRMAN AND CEO

TRAVIS D. STICE
CHAIRMAN OF THE BOARD AND CHIEF
EXECUTIVE OFFICER

April 25, 2024

Dear Diamondback Energy, Inc. Stockholder:

On behalf of your board of directors and management, I am pleased to invite you to attend our Annual Meeting of Stockholders to be held on Thursday, June 6, 2024, at 9:30 a.m., local time at the Petroleum Club of Midland, 501 West Wall Street, Midland, TX 79701.

It is important that your shares be represented at the meeting. Whether or not you plan to attend the meeting in person, we urge you to grant your proxy to vote your shares by telephone or through the Internet by following the instructions included on the Notice of Internet Availability of Proxy Materials that you received, or if you requested to receive a paper copy of the proxy card, to mark, date, sign and return the proxy card in the envelope provided. Please note that submitting a proxy will not prevent you from attending the meeting in person and voting at such meeting. Please note, however, if a broker or other nominee holds your shares of record and you wish to vote at the meeting, you must obtain from that registered holder a proxy card issued in your name.

You will find information regarding the matters to be voted on at the meeting in the proxy statement. Your interest in Diamondback Energy, Inc. is appreciated. We look forward to your vote at the annual meeting to be held on June 6, 2024.

Sincerely,

A handwritten signature in black ink, appearing to read 'T. Stice'.

Notice of Annual Meeting of Stockholders

TO BE HELD ON JUNE 6, 2024

9:30 a.m., local time
Petroleum Club of Midland
501 West Wall Street
Midland, TX 79701

TO THE STOCKHOLDERS OF DIAMONDBACK ENERGY, INC.:

The Annual Meeting of Stockholders of Diamondback Energy, Inc. will be held on June 6, 2024 at 9:30 a.m., local time, at the Petroleum Club of Midland, 501 West Wall Street, Midland, TX 79701, for the following purposes:

1. To elect nine directors to serve until the Company's 2025 Annual Meeting of Stockholders;
2. To approve, on an advisory basis, the compensation of the Company's named executive officers;
3. To ratify the appointment of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending December 31, 2024; and
4. To transact such other business as may properly come before the Annual Meeting and any adjournment or postponement thereof.

We are providing access to our proxy materials, including this proxy statement and our 2023 Annual Report on Form 10-K, over the Internet. As a result, we are mailing to our stockholders a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy materials. The notice contains instructions on how to access those proxy materials over the Internet, as well as instructions on how to request a paper or email copy of our proxy materials. Those stockholders who request a paper copy of our proxy materials as provided in the Notice of Internet Availability will receive such proxy materials by mail. This electronic distribution process reduces the environmental impact and lowers the costs of printing and distributing our proxy materials.

Your vote is important. Please carefully consider the proposals and vote in one of these ways:

INTERNET

Follow the instructions on the Notice of Internet Availability of Proxy Materials or the proxy card to vote through the Internet

BY TELEPHONE

Follow the instructions on the proxy card to vote by phone

BY MAIL

If you request to receive a paper copy of our proxy materials, mark, sign, date and promptly return the proxy card in the postage-paid envelope

ANNUAL MEETING

Submit a ballot at the Annual Meeting

Only stockholders of record at the close of business on April 11, 2024 or their proxy holders may vote at the meeting.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JUNE 6, 2024. THIS PROXY STATEMENT AND THE COMPANY'S 2023 ANNUAL REPORT ON FORM 10-K ARE AVAILABLE AT WWW.ENVISIONREPORTS.COM/FANG.

By Order of the Board of Directors,

Matt Zmigrosky
*Executive Vice President,
Chief Legal and Administrative Officer and Secretary*
April 25, 2024

Stockholder Outreach

As in the past, we conducted a robust stockholder outreach program during 2023 and through the first quarter of 2024 to solicit feedback on our executive compensation programs, environmental, social and corporate governance (ESG) matters, human capital, corporate responsibility and sustainability and other important issues.

2023 and First Quarter 2024 stockholder outreach highlights:

- Initiated contact with stockholders representing approximately **62%** of our outstanding shares as of June 30, 2023
- Met (telephonically or through video conference) with stockholders representing approximately **41%** of our outstanding shares as of June 30, 2022, including **six** of our **10** largest stockholders
- Attended approximately 13 virtual or in person investor conferences and hosted approximately 20 virtual or in person bus tours
- Attained approximately **96.5%** favorable stockholder vote for our 2023 say-on-pay proposal

ESG Highlights

- **56%** of Diamondback's current board of directors are gender or ethnically diverse (three female directors and three ethnically diverse directors based on information self-identified by each director of the Company)
- Amended Diamondback's governing documents to remove supermajority voting provisions and to provide Diamondback stockholders with the right to call a special meeting
- Announced execution of a Joint Development Agreement with Verde Clean Fuels, Inc. for the development, construction and operation of a facility to produce commodity-grade gasoline utilizing associated natural gas feedstock supplied from Diamondback's operations in the Permian Basin
- Achieved and exceeded goal of implementing continuous emission monitoring systems on Diamondback's facilities to cover at least **90%** of operated oil production by the end of 2023
- Achieved and exceeded goal of sourcing over **65%** of our water used for drilling and completion operations from recycled sources by 2025
- Released our 2023 Corporate Sustainability Report in September 2023, which included a calculation of Diamondback's Scope 3 GHG emissions and our 2022 EEO-1 Data
- Completed the 2023 CDP Water Security Questionnaire and the 2023 CDP Climate Change Questionnaire
- Received a first-tier score of 87.1% for the 2023 CPA-Zicklin Index of Corporate Political Accountability and Disclosure
- Joined the Oil & Gas Methane Partnership 2.0 (OGMP 2.0), the flagship oil and gas reporting and mitigation program of the United Nations Environment Programme
- Established ambitious environmental targets, including initiatives to:
 - reduce Scope 1 GHG intensity by at least **50%** from 2019 levels by 2024;
 - reduce methane intensity by at least **70%** from 2019 levels by 2024;
 - end routine flaring (as defined by the World Bank) by 2025;
 - source over **65%** of our water used for drilling and completion operations from recycled sources by 2025 (**achieved in 2023**); and
 - reduce combined Scope 1 and Scope 2 GHG intensity by at least **50%** from 2020 levels by 2030

Diamondback appreciates our social and environmental license to operate as a public oil and gas company in the United States and acknowledges that such license will continue to be largely influenced by our stockholders and the alignment of our ESG approach with their expectations. We regularly engage with our stockholders on ESG matters to ensure alignment. At its core, our environmental strategy recognizes and prepares us for the fact that the United States is transitioning to a lower carbon economy. The foremost authorities on energy demand continue to forecast that oil and gas will account for a substantial portion of global energy demand well into the future, in even the most carbon constrained projections. However, we continue to integrate sustainability into our core, thus allowing for our continued success in the new energy economy.

As Diamondback's ESG strategy evolves, management regularly interacts with the board and its committees regarding ESG matters, including its audit committee, compensation committee, nominating and corporate governance committee, and safety, sustainability and corporate responsibility committee. The safety, sustainability and corporate responsibility committee was formed in 2019 to (i) review Diamondback's policies and performance regarding, and provide guidance on, ESG matters, (ii) advise the board of directors and management on significant public issues that are pertinent to the Company and (iii) assist management in setting strategy, establishing goals and integrating ESG matters into strategic and tactical business activities across the Company.

In 2023, Diamondback continued to include specific, measurable environmental and safety performance metrics in our short-term incentive compensation program that incentivize performance on key metrics, including flaring, greenhouse gas (GHG) emissions, recycled water usage, fluid spill control and safety.

Diamondback also released its sixth annual Corporate Sustainability Report in September 2023, which included content aligned to voluntary frameworks and standards maintained by the Sustainability Accounting Standards Board (SASB), Task Force on Climate-Related Financial Disclosures (TCFD), Global Reporting Initiative (GRI), International Petroleum Industry Environmental Conservation Association (IPIECA) and the American Exploration and Production Council (AXPC). Our 2023 Corporate Sustainability Report also included:

- our Scope 1 and Scope 2 GHG emissions;
- a calculation of our Scope 3 GHG emissions;
- an assessment of our portfolio under various low carbon scenarios as outlined by the International Energy Agency;
- our 2022 EEO-1 data; and
- a limited assurance attestation from our independent auditor.

Further, Diamondback completed CDP Global's (CDP) water security and climate change questionnaires. Both the 2023 Corporate Sustainability Report and a link to our CDP water security and climate change questionnaires can be found on our website under the tab "Sustainability."

Diamondback remains committed to conducting its business in a manner that respects and promotes the fundamental rights and dignity of all people in accordance with its robust Human Rights Policy. A copy of Diamondback's Human Rights Policy can be found on our website under the tab "Investors—Corporate Governance."

For additional information regarding our commitment to ESG matters, please see "Corporate Responsibility and Sustainability" beginning on page 32.

Performance Highlights

Financial and Operational Highlights

- Maintained investment grade credit ratings from all three major ratings agencies
- Generated full year 2023 net cash provided by operating activities of \$5.9 billion and Free Cash Flow⁽¹⁾ of \$2.9 billion
- Declared total base plus variable dividends of \$8.12 per share for the full year 2023
- Total full year 2023 return of capital of \$2.3 billion from stock repurchases and declared base plus variable dividends (approximately 79% of Free Cash Flow)
- In 2023, repurchased 6.24 million shares of Diamondback's common stock for \$838 million, excluding excise tax (at a weighted average price of \$134.37 per share)
- Full year 2023 consolidated net debt/adjusted EBITDA⁽²⁾ of 0.97x, essentially flat year over year despite an 18% decline in oil prices and a 59% decline in natural gas prices
- Repurchased \$130.2 million of aggregate principal amount across Diamondback's existing 2026 and 2029 senior notes at approximately 95.5% of par, achieving approximately \$4.5 million of annual interest savings

Strategic Transactions

- Announced in February 2024 the pending merger transaction with Endeavor Energy Resources, L.P.
- Closed the acquisition of all leasehold interests and related assets of Lario and successfully completed the integration of the Lario assets and previously acquired Firebird assets
- Closed non-core asset divestiture transactions resulting in \$1.7 billion of gross proceeds since initiating the non-core asset sale program, substantially exceeding \$1 billion non-core asset sale target
- Formed Deep Blue Midland Basin LLC, a strategic midstream joint venture with Five Point Energy LLC, to create the largest independent water infrastructure platform in the Midland Basin

(1) When used throughout this proxy statement, "Free Cash Flow" is as defined and reconciled on Schedule A to this proxy statement.

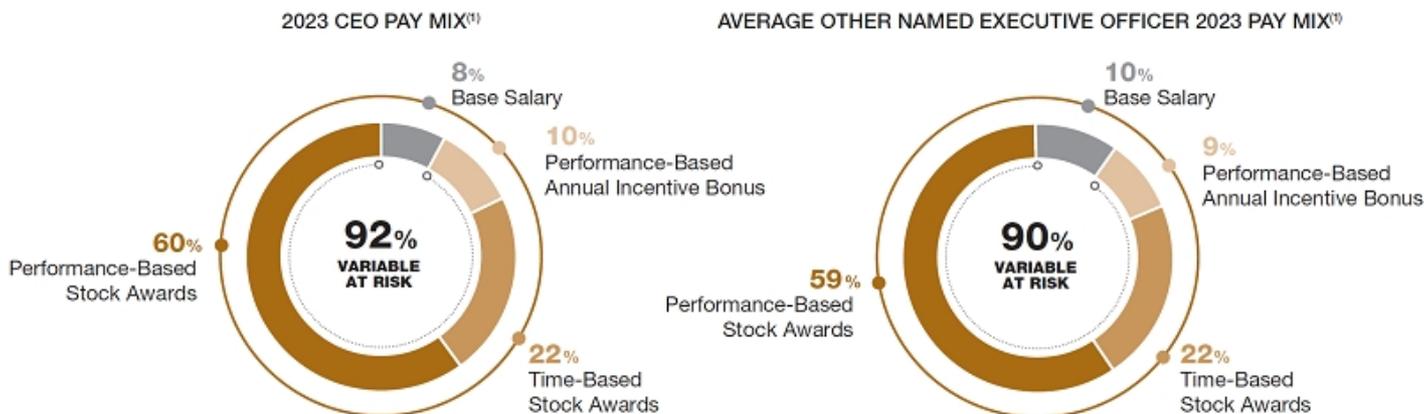

(2) Defined as consolidated total debt less cash and cash equivalents at year-end divided by consolidated adjusted EBITDA for the full year as defined and reconciled on Schedule A to this proxy statement.

Governance and Compensation Highlights

- Maintained the weighting of the ESG performance metrics in the 2023 annual incentive compensation plan at 25%
- Maintained the XOP Index and double weighted the S&P 500 as peers in our 2023 TSR performance peer group
- Provide stock ownership opportunity for 100% of our employees, all of whom are eligible for discretionary long-term equity incentive awards and discretionary short-term cash incentive awards based on both specific Company performance metrics tied to the same scorecard as our executive annual incentive compensation and individual performance outcomes
- Adopted clawback policy compliant with Nasdaq listing standards to implement Rule 10D-1 under the Exchange Act
- Publicly disclosed Diamondback’s 2023 corporate political contribution activity on our website
- Received a first tier score of approximately 87.1% for the 2022 CPA-Zicklin Index of Corporate Political Accountability and Disclosure
- Eliminated the 66 2/3% supermajority vote requirements in our charter and provided stockholders with the right to call a special meeting
- In response to stockholder feedback, publicly disclosed for the second time our 2022 Equal Employment Opportunity (EEO-1) data as of December 31, 2022 in our 2023 Corporate Sustainability Report

Compensation Highlights

Diamondback’s compensation program reflects our commitment to paying for performance and reflects appropriate governance practices that ensures alignment between successful execution of our strategy and the long-term interests of our stockholders.

(1) Each of these pay mix illustrations consist of the annual base salary, annual incentive bonus paid and the grant date fair value of the performance-based and time-based stock awards granted in 2023. These pay mix illustrations exclude amounts listed in the column titled “All Other Compensation” in the Summary Compensation Table set forth on page 65.

PROPOSAL 1

ELECTION OF DIRECTORS

DIRECTOR NOMINATIONS

The board is committed to recruiting and nominating directors for election who will collectively provide the board with the necessary diversity of skills, backgrounds and experiences to meet the Company's ongoing needs and support oversight of our business strategy and priorities, while maintaining institutional knowledge. In recommending candidates for election to the board, the nominating and corporate governance committee evaluates a candidate's character, judgment, skill set, experience, independence, other time commitments and any other factors that the nominating and corporate governance committee deems relevant in light of the current needs of the board. The board believes that an important factor in its composition is diversity and as a result, have an experienced and diverse nominee slate.

To reflect the determination to keep our board diverse, the nominating and corporate governance committee seeks to include diverse candidates in all current or future director searches, including by affirmatively instructing any search firms retained to assist the committee in identifying director candidates to seek to include diverse candidates. In addition, in determining whether to recommend incumbent directors for re-election to the board, the nominating and corporate governance committee also reviews and considers the director's board and committee meeting attendance, the level of support that the director's nomination received at the most recent annual stockholders' meeting, director tenure and the well-roundedness of the board as a whole.

In 2024, the nominating and corporate governance committee recommended to the board, and the board approved, the nomination of Travis D. Stice, Vincent K. Brooks, David L. Houston, Rebecca A. Klein, Stephanie K. Mains, Mark L. Plaumann, Melanie M. Trent, Frank D. Tsuru and Steven E. West to serve for a one-year term ending at the 2025 Annual Meeting, but in any event, until his or her successor is elected and qualified, unless ended earlier due to his or her death, resignation, disqualification or removal from office. All of the director nominees, except for Mr. Stice, our Chairman of the Board and Chief Executive Officer, are independent under The Nasdaq Stock Market LLC (Nasdaq) listing standards and the applicable SEC rules, and assuming all of these director nominees are elected by the stockholders at the Annual Meeting, approximately 89% of our board of directors will consist of independent directors.

About Director Nominees

Members of our board of directors are elected annually. In the event any nominee should be unavailable to serve at the time of the meeting, the proxies may be voted for a substitute nominee selected by the board.

Biographical information with respect to each of the nine director nominees, together with a list of competencies that contributed to the conclusion that such person should serve as a director, are presented below. An overview of the core competencies of each director nominee is featured in a skills matrix on page 6. Ages are as of April 11, 2024.

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF THE NINE NOMINEES FOR DIRECTOR LISTED BELOW.

**TRAVIS D. STICE, CHAIRMAN OF THE BOARD****Skills and Qualifications:**

Mr. Stice has served as our Chairman of the Board since February 2022, as our Chief Executive Officer since January 2012 and as a director of Diamondback since November 2012. Mr. Stice has also served as the Chief Executive Officer and as a director of the general partner of Viper Energy Partners LP (Nasdaq: VNOM), our publicly traded subsidiary, since February 2014 and as the Chief Executive Officer and as a director of the general partner of Rattler Midstream LP, which was acquired by Diamondback in a merger in August 2022 and is no longer publicly traded, since July 2018. Prior to these positions with Diamondback and the general partners of Viper and Rattler, he served as our President and Chief Operating Officer from April 2011 to January 2012. From November 2010 to April 2011, Mr. Stice served as a Production Manager of Apache Corporation, an oil and gas exploration company. He served as a Vice President of Laredo Petroleum Holdings, Inc., an oil and gas exploration and production company, from September 2008 to September 2010 and as a Development Manager of ConocoPhillips/Burlington Resources Mid Continent Business Unit, an oil and gas exploration company, from April 2006 until August 2008. Prior to that, Mr. Stice held a series of positions of increasing responsibilities at Burlington Resources until that company was acquired by ConocoPhillips in March 2006. He started his career with Mobil Oil in 1985. Mr. Stice has 37 years of industry experience and over 28 years of management experience. Mr. Stice graduated from Texas A&M University with a Bachelor of Science degree in Petroleum Engineering. Mr. Stice is a registered engineer in the State of Texas, and is a 37-year member of the Society of Petroleum Engineers. He also serves on industry boards for the American Exploration and Production Council, the American Petroleum Institute, the Domestic Energy Producers Alliance, the Permian Strategic Partnership, the Texas A&M Petroleum Engineering Advisory Board and the All-American Wildcatters. Additionally, he is on the board of the Dynamic Catholic Institute and on local community boards for the Permian Basin Medical Center and the Midland College Foundation. We believe that Mr. Stice's leadership within the Company, his management experience and his knowledge of the critical internal and external challenges facing the Company and the oil and natural gas industry as a whole qualify him for service on our board of directors.

Vincent "Vince" Brooks has served as a director of Diamondback since April 2020. He is a career Army officer who served in the U.S. Army for over 42 years, retiring from active duty in 2019 as a four-star general. General Brooks spent his final seventeen years as a general officer and in nearly all those years in command of large, complex military organizations in challenging situations. Most recently, from 2016 until his retirement, he was the commander of all Korean and United States forces in the Republic of Korea. In the two positions prior to Korea he served as the commander of all United States Army forces throughout the Indo-Asia Pacific region from 2013 to 2016 during the strategic rebalancing to Asia, and as the commander of all United States Army forces in the Middle East and Central Asia from 2011 to 2013 during the reduction of forces in Iraq and the buildup of forces in Afghanistan, as well as the phenomenon known as "the Arab Spring." During his tenure in the Army, he gained uncommon experience in leading through complex, ambiguous situations with significant national security interests and risks at stake. He handled crisis management, public communications, risk management and mitigation, budgetary assessment, leadership and management, international relations and interactions, cyber defense and protection, congressional engagement and strategic planning. Since 2020, General Brooks has also served as a director and a member of the compensation committee and nominating and corporate governance committee of Jacobs Solutions, Inc. (NYSE: J); and as a director and member of the nominating and corporate governance committee, the compensation and talent management committee and the risk committee (and previously on Audit Committee) of Verisk Analytics (Nasdaq: VRSK). General Brooks has also served as Vice Chair of the board of the not for profit Gary Sinise Foundation since March 2019 and as Chair of the board and President of the Korea Defense Veterans Association since February 2020 to February 2023. General Brooks is also a visiting Senior Fellow at Harvard Kennedy School's Belfer Center for Science and International Affairs, a Distinguished Fellow at the University of Texas with both the Clements Center for National Security and the Strauss Center for International Security and Law, and the President of VKB Solutions LLC. General Brooks holds a Bachelor of Science in Engineering from the U.S. Military Academy at West Point, a Master of Military Art and Science from the U.S. Army School of Advanced Military Studies and holds an honorary Doctor of Laws from the New England School of Law and an honorary Doctor of Humanities from New England Law | Boston. He is a Certified Corporate Director by the National Association of Corporate Directors (NACD) and is NACD Certified in Cyber Security Oversight. We believe that General Brooks' strong leadership skills, together with his knowledge of policy, strategy and his diverse background qualifies him for service on our board of directors.

Summary of Director Nominee Core Competencies

The breadth of experience and wide variety of skills, qualifications and viewpoints of the director nominees embody key competencies that our nominating and corporate governance committee considers valuable to effective oversight of the Company. The following chart illustrates how the current board members individually and collectively represent these core competencies. The lack of an indicator for a particular item does not mean that the director does not possess that qualification, skill or experience, as each director is expected to be knowledgeable in all of these areas. The indicator merely represents a core competency that the director nominee brings to our board. For more information about each director nominee, see the individual biographies set forth beginning on page 12 above.

CORPORATE GOVERNANCE MATTERS

CORPORATE GOVERNANCE HIGHLIGHTS

We believe that effective corporate governance should include regular constructive discussions with our stockholders. We have a proactive stockholder engagement process that encourages feedback from our stockholders. This feedback helps shape our governance practices, which include:

- ✓ Enhanced the gender and ethnic diversity of our board of directors, adding five diverse candidates since 2018, currently representing the majority (56%) of our current board of directors (three female directors and three ethnically diverse directors based on information self-identified by each director of the Company)
- ✓ 75% of our board committees are chaired by gender and ethnically diverse directors
- ✓ Adopted proxy access bylaw provision
- ✓ Eliminated the 66 2/3% supermajority vote requirements in our charter
- ✓ Provided stockholders with a right to call a special meeting
- ✓ ~89% of directors are independent under the Nasdaq listing standards and SEC rules
- ✓ Majority voting to elect directors (for uncontested elections)
- ✓ Mandatory resignation if a majority vote is not received (for uncontested elections)
- ✓ Emphasis on diversity in the nominating and corporate governance committee's charter
- ✓ Declassified board of directors
- ✓ Active stockholder outreach with respect to corporate governance, other ESG topics and executive compensation
- ✓ Active board oversight of risk and risk management
- ✓ Implemented director overboarding policy limiting service on public company boards and audit committees
- ✓ Independent director meetings in executive sessions led by our lead independent director
- ✓ Commitment to social responsibility with respect to our people, community and environment
- ✓ Adopted Human Rights Policy to reinforce our commitment to conducting our business in a manner that respects and promotes the fundamental rights and dignity of all people
- ✓ Implemented our "Net Zero Now" initiative under which, effective January 1, 2021, every hydrocarbon molecule we produce is anticipated to be produced with zero net Scope 1 GHG emissions
- ✓ Maintained the weighting of current quantitative environmental and safety performance metrics for determining annual incentive compensation at 25%
- ✓ Released sixth annual Corporate Sustainability Report in September 2023, which included an estimate of our Scope 3 emissions, an assessment of our current portfolio in various low carbon scenarios as outlined by the International Energy Agency and our 2022 EEO-1 Data
- ✓ Maintain active safety, sustainability and corporate responsibility committee of the board of directors
- ✓ Adopted and annually evaluate Corporate Governance Guidelines as another step to reinforce our commitment to sound governance practices and policies
- ✓ Adopted a comprehensive executive incentive compensation clawback policy that allows for the recoupment and/or forfeiture of certain executive officer incentive compensation and complies with the Nasdaq listing standards implementing Rule 10D-1 of the Exchange Act
- ✓ Maintain rigorous stock ownership guidelines for non-employee directors and our executives
- ✓ Maintain both the S&P 500 (weighted twice) and the XOP Index as peers in our TSR performance peer group
- ✓ Adopted a Policy Governing Corporate Political Contributions and publicly disclosed Diamondback's corporate political contribution activities for each of 2020, 2021, 2022 and 2023 on our website
- ✓ Received a first-tier score of 87.1% for the 2022 CPA-Zicklin Index of Corporate Political Accountability and Disclosure
- ✓ Annual performance evaluations of the board and its committees as part of their commitment to continuous improvement

- ✓ Each director attended at least 92% of the 2023 board and committee meetings
- ✓ All financially literate audit committee members and three of the five members of the audit committee qualify as financial experts

For additional discussion of our stockholder engagement and actions that we have taken in response to stockholder feedback, see “Corporate Governance Matters—Stockholder Engagement” on page 19.

CEO and Senior Management Succession Planning

Our board of directors recognizes that our Chief Executive Officer and senior management succession planning is a critical function of the board and an ongoing part of its responsibilities. The full board is responsible for overseeing Chief Executive Officer and senior management succession planning. Our compensation committee also plays a key role in senior management succession planning by periodically reviewing with our Chief Executive Officer our succession plan for members of senior management to ensure that we are effectively identifying, assessing, and developing the future leaders of our Company. The board has engaged talent consultants to assist with evaluating leadership skills of certain senior executives and advise on the structure of our executive team into the future and periodically meets with those consultants to discuss the progress of certain senior executives. Further, in February 2022, the Company promoted Kaes Van’t Hof, then serving as Chief Financial Officer and Executive Vice President –Business Development, as the Company’s President and Chief Financial Officer, and promoted Daniel N. Wesson, then serving as Executive Vice President – Operations, as the Company’s Executive Vice President and Chief Operating Officer. Most recently, in February 2024, the Company promoted Albert Barkmann, then serving as Senior Vice President of Reservoir Engineering, as the Company’s Executive Vice President and Chief Engineer, and Jere W. Thompson III, then serving as Senior Vice President of Strategy and Corporate Development, as the Company’s Executive Vice President of Strategy and Corporate Development. These promotions are examples of our board of directors and compensation committee’s robust succession planning.

Limits on Board Service and Audit Committee Service

Our Corporate Governance Guidelines establish the following limits on our directors serving on public company boards and audit committees:

Director Category	Limits on Public Company Boards and Audit Committee Service, including Diamondback
All Directors	Four Boards
Directors Who Serve as CEO of a Public Company	Two Boards
Directors Who Serve on Audit Committees	Three Audit Committees

Our Corporate Governance Guidelines provide that prior to accepting an invitation to serve on the board of another public company or other for-profit entity or accepting membership of the audit committee of the board of another public company or other for-profit entity, a director must (i) provide timely notice to the chairperson of the nominating and corporate governance committee, with a copy to the Chairman of the Board, the lead independent director and the Corporate Secretary, and (ii) obtain approval from the nominating and corporate governance committee based upon its review of the opportunity in light of factors it deems relevant, including possible conflicts of interest, whether the opportunity would create any legal or regulatory issues, or conflict with any of our corporate governance policies, the director's status as an independent director and any constraints on the director's time that would detract from the director's ability to serve the Company. The nominating and corporate governance committee reviews compliance with our director overboarding policy on an annual basis. All directors are currently in compliance with our director overboarding policy related to limits on board service and audit committee service.

— DIRECTOR QUALIFICATIONS AND NOMINATION PROCESS

Skills and Qualifications We Seek in Directors

As provided by the nominating and corporate governance committee's charter and our Corporate Governance Guidelines, our nominating and corporate governance committee identifies, evaluates and recommends to our board of directors candidates with the goal of creating a balance of knowledge, experience and diversity.

It is our policy that potential directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the interests of our stockholders. We also require that the members of our board of directors be able to dedicate the time and resources sufficient to ensure the diligent performance of their duties on our behalf, including attending all meetings of the board of directors and applicable committee meetings. We also require that at least a majority of our directors meet the standards of independence promulgated by Nasdaq and the SEC. For a discussion of the core competencies that each director brings to our board, see "Summary of Director Nominee Core Competencies" above on page 16.

Board Refreshment and Diversity

Our nominating and corporate governance committee is committed to continuous improvement and employs a rigorous process to ensure that the composition of the board is diverse, balanced and aligned with the evolving needs of the Company. The board ensures refreshment and continued effectiveness by evaluating the composition of the board on a periodic basis to ensure its composition reflects a range of talents, skills and expertise sufficient to provide sound and prudent guidance with respect to our operations and the interests of our stockholders. In particular, the board seeks to maintain a balance of experience in the areas of accounting and finance, management, leadership and oil and gas related industries as well as other core competencies discussed under "Summary of Director Nominee Core Competencies."

Additionally, it is our policy that our nominating and corporate governance committee considers diversity in its evaluation of candidates for board membership. To this end, our board believes that diversity with respect to viewpoint, including such that is held by candidates of different gender, race, ethnicity, background, age, thought and tenure on our board (in connection with the consideration of the renomination of an existing director), should be an important factor in board composition. To reflect this policy and to ensure a competitive recruitment process, our nominating and corporate governance committee, in accordance with its charter, seeks to include diverse candidates in all director searches, taking into account diversity of gender, race, ethnicity, background, age, thought and tenure on our board (in connection with the consideration of the renomination of an existing director), including by affirmatively instructing any search firm retained to assist the nominating and corporate governance committee in identifying director candidates to seek to include diverse candidates from traditional and nontraditional candidate groups. In accordance with its charter, our nominating and corporate governance committee also ensures that diversity considerations are discussed in connection with each potential nominee, as well as on a periodic basis in connection with its periodic review of the composition of the board and the size of the board as a whole.

As part of our ongoing commitment to expand the range of talents, skills, expertise and diversity on our board, we have increased the size of our board of directors from five to nine over the course of the last five years by adding the following five ethnically or gender diverse directors: Vincent K. Brooks, Rebecca A. Klein, Stephanie K. Mains, Melanie M. Trent and Frank D. Tsuru. As a result of our significant board refreshment since 2018, we have enhanced and diversified the skill set of our board of directors in the areas of risk management across energy and other industries and the government sector, national security and cybersecurity, environmental and social responsibility, regulatory and legal compliance. Currently, half of our board leadership roles are held by female directors and one board leadership role is held by one ethnically diverse director. Overall, 75% of our board committees are chaired by gender or ethnically diverse directors.

How We Select our Director Nominees

The board is responsible for nominating directors and filling vacancies that may occur between annual meetings, based upon the recommendation of our nominating and corporate governance committee. The nominating and corporate governance committee considers the Company's current needs and long-term and strategic plans to determine the skills, experience and characteristics needed by our board. The nominating and corporate governance committee then identifies, considers and recommends director candidates to the board in light of its commitment to board improvement, refreshment and diversity discussed above. Generally, the committee identifies candidates through the business and organizational contacts of our advisors, directors and management team and through the use of third-party search firms.

The nominating and corporate governance committee, in accordance with its charter and our Corporate Governance Guidelines, takes into consideration the key qualifications and skills described above when evaluating candidates. The nominating and corporate governance committee also considers whether potential candidates will likely satisfy independence standards for service on the board and its committees and the number of public boards on which the candidate already serves.

Stockholder Nomination of Candidates and Proxy Access

Under the Company's bylaws, we provide proxy access, permitting a stockholder, or a group of up to 20 eligible stockholders, that has continuously owned for no less than three years at least 3% of our outstanding common stock, to nominate and include in our proxy materials up to the greater of two directors and 20% of the number of directors currently serving on the Company's board, provided that the stockholder(s) and the nominee(s) satisfy the requirements specified in our bylaws.

Stockholders who wish to submit a director nomination proposal, but who do not wish to have such nomination included in the Company's proxy materials, must notify the Company in writing of the information required by the provisions of our bylaws dealing with such stockholder proposals.

See "Submission of Future Stockholder Proposals" on page 94 for additional detail and deadlines regarding submitting director nominees.

Majority Voting

To be elected, a director must receive a majority of the votes cast with respect to that director at the meeting. Our bylaws and Corporate Governance Guidelines provide that if the number of shares voted "FOR" a nominee who is serving as a director (an incumbent) does not exceed the votes cast "AGAINST" that director, he or she will tender his or her resignation to the board. The board will evaluate whether to accept or reject such resignation, or whether other action should be taken. Within 90 days of the certification of the stockholder vote, the board is required to decide whether to accept the resignation and publicly disclose its rationale for the decision.

In a contested election, where the number of nominees exceeds the number of directors to be elected, the required vote would be a plurality of votes cast, which means that the directors receiving the largest number of "FOR" votes will be elected in such contested election.

— DIRECTOR INDEPENDENCE

Our Corporate Governance Guidelines provide that a majority of the board of directors must be "independent" in accordance with Nasdaq listing standards. Our board of directors has determined that each of Vincent K. Brooks, David L. Houston, Rebecca A. Klein, Stephanie K. Mains, Mark L. Plaumann, Melanie M. Trent, Frank D. Tsuru and Steven E. West, and each of our director nominees, except for Travis D. Stice, meets the standards regarding independence set forth in the Nasdaq listing standards and the applicable SEC rules and is free of any relationship which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out their responsibilities as directors of the Company.

Our board of directors has determined that each current member of the audit committee is independent for purposes of serving on such committee under the Nasdaq listing standards and the applicable SEC rules. In addition, our board of directors has determined that each current member of the audit committee is financially literate under the Nasdaq listing standards and that each of Mr. Plaumann, Mr. Houston and Ms. Mains qualifies as an "audit committee financial expert," as such term is defined in Item 407(d) of Regulation S-K.

Our board of directors has also determined that each member of the compensation committee and the nominating and corporate governance committee meets the independence requirements applicable to those committees under the Nasdaq rules. In addition, our board of directors determined that each member of our compensation committee is a "non-employee director" in accordance with Rule 16b-3 under the Securities Exchange Act of 1934, as amended (Exchange Act).

In addition, each member of the safety, sustainability and corporate responsibility committee is independent under the Nasdaq listing standards, although Nasdaq does not set independence standards for this committee.

Executive Sessions of Independent Directors

Our independent directors have the opportunity to meet in an executive session following each regularly scheduled meeting of the board of directors and its committees. Ms. Trent, our lead independent director, presides over executive sessions of the board of directors, and the committee chairpersons, each of whom is independent, preside over executive sessions of the committees. Our independent directors met in an executive session 11 times in 2023.

— BOARD LEADERSHIP STRUCTURE

In February 2022, Mr. Stice assumed the role of Chairman of the Board and remains in his current role as Chief Executive Officer of the Company. We believe the combined position of Chairman of the Board and Chief Executive Officer ensures that the Company presents its strategy to our stockholders, employees and other stakeholders with a single voice and allows Mr. Stice to coordinate the development, articulation and execution of such strategy at the board of directors and management levels. The current board leadership structure is also a key element of our succession strategy process. While our board of directors retains the authority to separate the positions of the Chairman of the Board and Chief Executive Officer if it deems appropriate in the future, our board of directors believes the combined role of Chairman of the Board and Chief Executive Officer is currently effective.

In accordance with our Corporate Governance Guidelines, if the positions of the Chairman of the Board and Chief Executive Officer are combined, or if the Chairman of the Board is otherwise not independent under Nasdaq listing standards, our board of directors is required to designate a lead independent director to complement the Chairman of the Board's role and to serve as the principal liaison between our independent directors and the Chairman of the Board. In February 2022, our board of directors enhanced the role of our current lead independent director, Ms. Trent, to provide effective independent leadership to our board of directors through her clearly defined and robust set of responsibilities, which include the following:

- the authority to preside at all meetings of our board at which the Chairman of the Board is not present;
- the authority to call meetings of the independent directors, and chair all meetings of the independent directors, including executive sessions;
- serving as the primary liaison between the Chairman of the Board/Chief Executive Officer and our independent directors;
- coordinating the annual performance reviews of the Chairman of the Board and Chief Executive Officer;
- providing input with respect to meeting schedules, agendas and the information furnished to our board to ensure our board has adequate time and information for discussion;
- being available for consultation and direct communication with major stockholders, as appropriate; and
- having such other duties as may be from time to time designed by our board.

Our board of directors believes that its current leadership structure, having a combined Chairman of the Board and Chief Executive Officer role and a lead independent director, best serves the interests of our stockholders because it provides an appropriate balance between strategy development and independent oversight of management. Our board of directors regularly reevaluates the board's leadership structure as part of its evaluation and refreshment process and also considers stockholder feedback on the topic.

We believe that our directors bring a broad range of leadership experience to the boardroom and regularly contribute to the thoughtful discussion involved in effectively overseeing the business and affairs of the Company. For example, Mr. West, former Chairman of the Board and a current member of our board of directors, continues to provide invaluable support and guidance to our current Chairman of the Board and facilitate the Company's succession planning. In addition, we believe that the atmosphere of our board is collegial, that all board members are well engaged in their responsibilities, and that all board members express their views and consider the opinions expressed by other directors. Eight of the 9 current directors on our board are independent under the Nasdaq listing standards and the applicable SEC rules.

We also believe that all of our independent directors have demonstrated leadership in business enterprises and other large organizations and are familiar with board processes. Our independent directors are involved in the leadership structure of our board by serving on our audit, compensation, nominating and corporate governance, or safety, sustainability and corporate responsibility committees, each having a separate independent chairperson. Specifically, the chairperson of our audit committee oversees the accounting and financial reporting processes, compliance with legal and regulatory requirements and our cybersecurity strategy. The chairperson of our compensation committee oversees the annual performance evaluation of our Chief Executive Officer and our compensation policies and practices and their impact on risk and risk management. The chairperson of our nominating and corporate governance committee monitors matters such as the composition of the board and its committees, board performance and best practices in corporate governance. The chairperson of our safety, sustainability and corporate responsibility committee provides leadership with respect to best practices in the areas of environmental, safety, human capital, sustainability and corporate and social responsibility. As such, each committee chairperson provides independent leadership for purposes of many important functions delegated by our board of directors to such committee.

— BOARD MEETINGS, COMMITTEES AND MEMBERSHIP

In 2023, our board of directors met 10 times, in person or, remotely via electronic or telephonic means. In addition to these meetings, the board of directors adopted resolutions by unanimous written consent. In 2023, each director attended at least 92% of the meetings of the board of directors and the meetings of the committees on which he or she served. To the extent a director was unable to attend a meeting in 2023, he or she met telephonically with members of senior management to receive a report regarding the materials reviewed at the meeting.

Recognizing that director attendance at our Annual Meeting can provide our stockholders with an opportunity to communicate with directors about issues affecting the Company, we actively encourage our directors to attend the Annual Meeting of Stockholders. All nine of our directors attended our 2023 Annual Meeting of Stockholders in person.

— ANNUAL BOARD AND COMMITTEE EVALUATIONS

The board is committed to continuous improvement with respect to its ability to carry out its responsibilities. In accordance with our Corporate Governance Guidelines, the board and each of its committees annually conduct a comprehensive evaluation process. These board and committee evaluations are a critical tool in assessing the composition and effectiveness of the board and each of its committees and presents an opportunity to identify areas of strength and areas capable of improvement. Our nominating and corporate governance committee oversees the annual board and committee evaluation process which is described in more detail below.

Our board and committee written evaluations cover the following topics:

- board and committee responsibilities and effectiveness;
- board and committee size, structure and composition, including assessment of skills, experience, diversity, occupational and personal backgrounds;
- board culture and dynamics, including the effectiveness of discussion and debate at board and committee meetings;
- strategic planning and oversight;
- the quality of board and committee agendas and meeting materials
- access to resources, including management and outside advisors; and
- board and individual committee performance.

1 Review of Board and Committee Evaluation Process

The nominating and corporate governance committee annually reviews the scope and format of the board and committee evaluation process. In 2023, the nominating and corporate governance committee enhanced the board and committee evaluation process by incorporating feedback received from individual director interviews and interviews with members of senior management.

2 Board and Committee Evaluation Questionnaires

Each director provides feedback on the board and its committees by completing written evaluation questionnaires that cover the topics addressed above for the board and each committee on which the director serves. Upon receipt of the completed written questionnaires, our outside counsel aggregates and summarizes the feedback on an anonymized basis and provides the summarized feedback to the Corporate Secretary.

4 Review of Feedback

During an executive session of the board, the directors review, analyze and discuss the aggregated, anonymized questionnaire responses for the board and each of its committees and feedback from the individual director interviews. The lead independent director and the chairperson of the nominating and corporate governance committee also met separately with the Chairman of the Board to review the feedback.

3 Individual Director and Senior Management Interviews

The lead independent director and the chairperson of the nominating and corporate governance committee conduct in-depth interviews with each independent director and certain members of senior management as part of the board and committee evaluation process. These candid discussions enable each independent director to discuss his or her questionnaire responses and to provide direct and honest feedback regarding board and committee composition, effectiveness and performance.

5 Implementation of Feedback

Policies and practices are enhanced because of the annual board and committee evaluations, individual director interviews and ongoing feedback. The board considers the results of the evaluations to assess whether the board and its committees have the necessary diversity of skills, backgrounds and experiences to meet the Company’s needs and to further enhance the effectiveness of the board and its committees over time.

— THE BOARD'S ROLE IN RISK OVERSIGHT

As an exploration and production company, we face a number of risks, including risks associated with supply of and demand for oil and natural gas, volatility of oil and natural gas prices, exploring for, developing, producing and delivering oil and natural gas, declining production, environmental and other government regulations and taxes, weather conditions, that can affect oil and natural gas operations over a wide area, adequacy of our insurance coverage, political instability or armed conflict in oil and natural gas producing regions and the overall economic environment. Management is responsible for the day-to-day management of risks we face as a company, while our board of directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

Our board of directors believes that full and open communication between management and the board of directors is essential for effective risk management and oversight. Our board of directors meets regularly with our executive officers to discuss strategy and risks facing the Company. Our executive officers regularly attend our board meetings and are available to address any questions or concerns raised by the board on risk management-related and any other matters. Other members of our management team periodically attend the board meetings or are otherwise available to confer with our board to the extent their expertise is required to address risk management matters. Periodically, our board of directors receives presentations from senior management on strategic matters involving our operations. During such meetings, our board of directors also discusses strategies, key challenges, and risks and opportunities for the Company with senior management.

Committee Risk Oversight Responsibilities

While our board of directors is ultimately responsible for risk oversight at the Company, the board's four committees assist the board in fulfilling its oversight responsibilities in certain areas of risk.

The audit committee assists the board in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and compliance with legal and regulatory requirements, and discusses policies with respect to risk assessment and risk management, including with respect to cybersecurity, which plays an integral role in our risk management strategy and continues to be an area of increasing focus for our board, the audit committee and our management team. For additional information, see "Cybersecurity Risk Management and Governance" on page 35.

The compensation committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs.

The nominating and corporate governance committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks associated with the board's organization, membership and structure and corporate governance.

The safety, sustainability and corporate responsibility committee assists the board in fulfilling its oversight responsibility over management's monitoring and adherence to the Company's policies on ESG matters and the quality of the Company's procedures for identifying, assessing, monitoring and managing the principal environmental, health, climate change, human capital, safety and social risks in the Company's business.

— STOCKHOLDER ENGAGEMENT

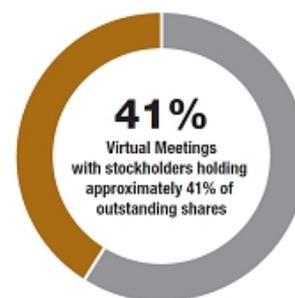

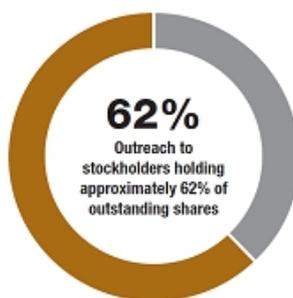

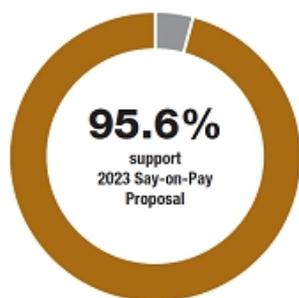

We value the views of our stockholders and embrace active stockholder engagement as an important tenet of good governance. Because positive and ongoing dialogue builds informed relationships that promote transparency and accountability, members of senior management engage with our stockholders on a year-round basis, including proactive outreach as well as responsiveness to specific areas of focus. Information and feedback received through our engagement activities is shared with our board, which helps inform its decisions. In response to feedback obtained during our stockholder outreach efforts, the following past actions, some of which had already been independently considered for implementation by our board of directors or committees, were undertaken:

- Our board of directors amended our bylaws to provide our stockholders with proxy access;
- Our board of directors also previously amended our bylaws to provide for the majority vote requirement to elect directors to our board, which replaced the prior plurality voting standard applicable to our director election;
- Amended our charter to eliminate the 66 2/3% supermajority vote requirements;
- Amended our governing documents to provide stockholders with the right to call a special meeting;
- Our board of directors and the nominating and corporate governance committee approved enhancements to the nominating committee charter and director nomination process that focused on increasing the size of the board and number of independent directors, with a supermajority of the board currently being independent;
- We increased the size and enhanced the ethnic and gender diversity and skill set of our board of directors, adding five diverse candidates between April 2018 and July 2022, currently representing 56% of our board of directors (three female directors and three ethnically diverse directors based on information self-identified by each director of the Company);
- Our board of directors created the safety, sustainability and corporate responsibility committee focused on sound strategy and best policies and practices regarding environmental, safety, human capital and social responsibility matters;
- Our board of directors adopted and annually evaluate Corporate Governance Guidelines as an additional step to reinforce our commitment to prudent corporate governance practices and policies;
- The compensation committee eliminated single-trigger change of control provisions in all Company equity awards granted since the beginning of 2018;
- The compensation committee enhanced the disclosure of targets and goals for performance-based awards, the discussion of equity award process for our named executive officers and the underlying rationale for such awards;
- The compensation committee added return on average capital employed and ESG goals among metrics for determining cash performance awards beginning in 2020 and maintained the weighting attributable to the ESG component of our annual incentive metrics at 25% for 2023;
- Our board of directors implemented and maintains rigorous stock ownership and retention guidelines for our executive officers and non-employee directors;
- Our board of directors adopted a comprehensive executive incentive compensation clawback policy compliant with Nasdaq listing standards and implementing Rule 10D-1 of the Exchange Act;
- We adopted a Human Rights Policy; and
- We adopted a Policy Governing Corporate Political Contributions.

During 2023 and through the first quarter of 2024, we continued our stockholder outreach efforts and solicited feedback on our executive compensation programs, corporate governance, human capital programs and strategies, corporate responsibility, ESG matters and other important issues. We initiated contact with stockholders representing approximately 62% of our outstanding shares as of June 30, 2023. Our Chairman of the Board and Chief Executive Officer, President and Chief Financial Officer and other key members of Company senior management spoke with stockholders representing approximately 41% of our outstanding shares as of June 30, 2023, including six of our 10 largest stockholders. In addition, members of Company senior management attended approximately 13 virtual or in person investor conferences and hosted approximately 20 virtual or in person bus tours. We also had discussions of certain of these matters with other investors during investor presentation events and earnings and other investor calls throughout the year.

These discussions have provided us an opportunity to further explore issues important to us and our stockholders, including corporate governance policies, human capital programs and strategies, executive compensation and corporate sustainability and environmental policies. In 2022, approximately 96.5% of votes cast by our stockholders were in favor of our say-on-pay proposal. Although this vote demonstrates substantial support of our executive compensation programs, representatives of our board and management team

continued to undertake stockholder engagement efforts to, among other things, solicit stockholder input on our executive compensation structure and ensure ongoing stockholder support of our executive compensation programs. We look forward to continued engagement with stockholders throughout the year so that we can incorporate their ideas to further strengthen our executive compensation programs, continue our commitment to ESG matters, improve our disclosure practices and enhance our governance practices.

— CODE OF BUSINESS CONDUCT AND ETHICS

Our board of directors previously adopted a Code of Business Conduct and Ethics designed for directors and employees to ensure clarity regarding our expectations, which code was further updated to reflect additional policies and enhancements in February 2024. Our Code of Business Conduct and Ethics embodies our commitment to conduct our businesses in accordance with our core values, all applicable laws, rules and regulations and the highest ethical standards. Our Code of Business Conduct and Ethics applies to all directors, executive officers, including the Chief Executive Officer, the Chief Financial Officer, principal accounting officer and controller and persons performing similar functions, and all other employees. Our Code of Business Conduct and Ethics covers various topics including, among others, public disclosure, conflicts of interest, equal employment, fair dealing, anti-discrimination, anti-harassment, confidentiality, data privacy, cybersecurity, intellectual property, political activity and contributions, environmental responsibility, human rights, health and safety, transactions with vendors and gifts and the limited process for waivers. Our Code of Business Conduct and Ethics is also focused on compliance with applicable laws, rules and regulations, governing, among others, insider trading, anti-trust, anti-corruption, anti-bribery, anti-money laundering, anti-boycott and export controls, and establishes reporting and complaint procedures, including an anonymous hotline, for any irregularities or violations, including with respect to accounting, internal control and auditing matters. Our Code of Business Conduct and Ethics is posted on our website under the "Investors-Corporate Governance" caption. You may also obtain copies of our Code of Business Conduct and Ethics at no charge to you, by writing to Corporate Secretary, Diamondback Energy, Inc., 500 West Texas Ave, Suite 100, Midland, TX 79701.

— COMMUNICATIONS WITH THE BOARD

Individuals may communicate with our board of directors or individual directors by writing to Corporate Secretary, Diamondback Energy, Inc., 500 West Texas Ave, Suite 100, Midland, TX 79701. Our Corporate Secretary will review all such correspondence and forward to our board of directors a summary of all such correspondence and copies of all correspondence that, in the opinion of our Corporate Secretary, relates to the functions of our board of directors or any committee thereof or that he otherwise determines requires their attention. Directors may review a log of all such correspondence received by us and request copies. Concerns relating to accounting, internal control over financial reporting or auditing matters will be immediately brought to the attention of the chairperson of the audit committee and handled in accordance with the audit committee procedures established with respect to such matters.

— DIRECTOR COMPENSATION

Members of our board of directors who are also officers or employees of the Company do not receive compensation for their services as directors. Further details regarding our director compensation in 2023 are set forth under the heading "Compensation Tables—2023 Director Compensation."

— CORPORATE RESPONSIBILITY AND SUSTAINABILITY

As an oil and gas company, we understand that we have the potential to make a uniquely positive impact in the world. We provide affordable, domestically produced energy that helps run our homes, businesses, transportation networks and other key components of our economy. As we continue to provide a critical product that contributes to economic growth and society, we view the connection between responsible operations and business success a fundamental necessity. We are committed to the safe and responsible development of our resources in the Permian Basin. We operate in the same areas in which a majority of our employees and their families live, and are dedicated to preserving and protecting the environment for the benefit of our stockholders, employees, our community and other stakeholders. We have identified key areas of focus, including energy, emissions, waste and spills, water use, compliance, health and safety, training and education, human capital and community, and have described below certain of our efforts relating to these areas. We have also established the safety, sustainability and corporate responsibility committee of our board of directors that oversees, among other things, our management's monitoring and adherence to our policies on ESG matters and the quality of our procedures for identifying, assessing, monitoring and managing the principal environmental, health, climate change, human capital, safety and social risks in our business and provides leadership with respect to best practices in environmental responsibility, sustainability and corporate and social responsibility.

Commitment to Environmental Responsibility

We are committed to exploration, exploitation, acquisition and production of oil, natural gas and natural gas liquids in an environmentally responsible manner and in compliance with applicable federal, state and local laws, including laws regulating emissions of greenhouse gases, such as methane. We take actions beyond those required by law to reduce methane emissions and recycle an increasing percentage of water and make significant investments in infrastructure to reduce environmental impact. In keeping with that commitment, our overall approach includes these key activities:

- Investing in and implementing the best available technology and innovative methods for drilling and completing wells, which has allowed us to achieve the same or improved results with less proppant, fewer wells and a greatly reduced environmental footprint;
- Minimizing our environmental impact and improving safety for all stakeholders;
- Joining the Oil & Gas Methane Partnership 2.0 (OGMP 2.0), the flagship oil and gas methane reporting and mitigation program of the United Nations Environment Programme;
- Implementing our "Net Zero Now" initiative under which, effective January 1, 2021, every hydrocarbon molecule we produce is anticipated to be produced with zero net Scope 1 GHG emissions;
- Purchased carbon credits to offset the remaining emissions to the extent our GHG and methane intensity reduction efforts do not eliminate our Scope 1 GHG emissions;
- Committed to reducing Scope 1 GHG intensity by at least 50% from 2019 levels by 2024;
- Committed to reducing methane intensity by at least 70% from 2019 levels by 2024;
- Committed to ending routine flaring (as defined by the World Bank) by 2025;
- Achieved and exceeded in 2023 our goal to source over 65% of our water used for drilling and completion operations from recycled sources by 2025;
- Committed to reduce combined Scope 1 and Scope 2 GHG intensity by at least 50% from 2020 levels by 2030;
- Achieved and exceeded in 2023 our goal to implement continuous emission monitoring systems on Diamondback's facilities to cover at least 90% of operated oil production by the end of 2023;
- Motivating our executive team, senior management and all of our employees to strive to achieve measurable targets and goals with respect to flaring, water recycling, GHG emission intensity and produced liquids spills; maintained the weighting of current environmental and safety performance metrics in the 2023 short-term annual incentive compensation plan at 25%;
- Minimizing use of potable water in our operations;
- Safely transporting oil and gas and minimizing impacts from air emissions, flared gas and spills;

- Maximizing fluid transportation via pipelines rather than diesel powered trucks;
- As part of our flare reduction and mitigation strategy for non-routine flaring, we (i) include performance-based incentives and penalties related to flaring in our midstream contracts, (ii) shut-in production to avoid flaring, and (iii) negotiated downstream commitments and other offload arrangements;
- Replaced natural gas-controlled pneumatic devices on some of our older tank batteries with air-controlled pneumatic devices when operationally feasible and pursued initiatives to install air-controlled pneumatic devices on new tank batteries;
- Held quarterly meetings with engineering staff and field personnel to review engineering design changes to help us better capture GHG emissions moving forward;
- Continuing the electrification of combustion sources by eliminating some of our internal combustion engines and installing several electrical substation units for compression operations;
- Continuing to upgrade large horizontal tank batteries with best available control technology to reduce tank-related emissions;
- Continuing efforts to tie-in flare monitoring to our tank battery SCADA systems; and
- Continued to grow our inventory of wells drilled by rigs on electricity supplied directly from power lines, and are currently completing approximately 50% of our wells with electric frac operations.

Commitment to Human Capital

Our strategy of operational excellence is achieved by our people through our disciplined and intended culture of clarity, efficiency, and inclusion. We are extremely committed to our culture which is built upon the solid foundation of our five core values: leadership, integrity, excellence, people, and teamwork. We understand our performance success is based upon not just what we do, but how we do it. Therefore, we set a high bar for all of our employees in terms of how they operate and interact, both within the office and out in the field. We challenge them to ensure all people are treated with dignity and respect. The key elements of our human capital programs and strategies are described below.

Oversight by Board of Directors

Our board of directors provides oversight of our human capital strategies with the assistance of its board committees, specifically the safety, sustainability, and corporate responsibility committee and the compensation committee. These committees receive regular updates from our executive leadership team, senior management and third-party consultants on human capital trends and other key human capital matters impacting our business, including diversity and inclusion initiatives, recruiting, retention, training and development programs, policies and practices impacting our employees, succession planning, and our executive compensation program.

Our safety, sustainability, and corporate responsibility committee is responsible for the oversight of our human capital programs related to recruiting, retention, training, and development. We believe our board's oversight of these matters helps the Company identify and mitigate exposure to human capital risks.

Commitment to Protecting People

Our organizational culture fosters teamwork and open dialogues about work practices, which includes putting safety first. Whether it is minimizing workplace incidents or preparing for the unexpected, we continue to make protecting our people a fundamental component of our corporate responsibility efforts. We maintain a formal health and safety program that includes employee training and new hire orientation on a variety of environmental and safety topics, including proper reporting. We also ensure our employees have all necessary equipment to operate safely. Employees undergo significant training and education each year to become knowledgeable on regulatory compliance, industry standards and innovative opportunities to effectively manage the challenges of developing our resources. In light of the nature of our work and the locations of some sites in and near communities, we also proactively prepare for the unexpected by developing emergency response plans to cover potentially hazardous situations.

In 2023, we sought to further strengthen our robust Health, Safety and Environmental protocols and programs, including by:

- expanding our safety team, adding additional field coordinators and an experienced safety manager and supervisor, each with over 20 years of industry experience;
- increasing the number of supervisor visits and ride-arounds to monitor for hazards and conduct safety audits;
- dedicating 8,896 personnel hours to training on key safety topics; and
- further increasing the focus on culture and behavior at our safety meetings and incorporating a behavior-based safety program.

We believe our enhanced focus on employee safety in 2023 contributed to our employee total recordable incident rate for 2023 being 55% lower than in 2022.

For 2023, we also continued to demonstrate our commitment to safety by maintaining a performance metric in our annual incentive compensation scorecard that measures our total recordable incident rate. Our Health, Safety and Environmental organization currently has full-time, field-dedicated coordinators to monitor facilities and help prevent potential issues.

Diversity, Inclusion, Recruiting and Retention

Fair, consistent and equitable treatment of our employees is core to how we manage our dedicated workforce. Our employment decisions are based on merit, qualifications, competencies, and contributions. We actively seek to attract and retain an increasingly diverse workforce and continue to cultivate an inclusive and respectful work environment. We value the perspectives, experiences and ideas contributed by our employees from a diverse range of ethnic, cultural and ideological backgrounds. As of December 31, 2023, over 28% of our employees were women. Also, over 35% of our employees self-identify as ethnic minorities as of December 31, 2023.

In 2023, we took various actions to increase the diversity of job applicants and expand our recruitment efforts, particularly in our college recruitment and internship programs. We have continued our efforts to include historically black universities in our summer internship program. We also collaborated with several student organizations to reinforce this inclusive initiative, which will continue in the future. Our internship program is an important talent pipeline for our engineering and geoscience roles within the Company. Through supporting various student organizations and having diverse interview teams for all intern interviews, we have continued to demonstrate our desire and intention to ensure that diverse groups are included in our internship outreach efforts. We intend to continue this commitment in the future. These diverse candidates were able to connect with our recruiting team to learn more about our inclusive workforce and were encouraged to apply for open internship or future job opportunities.

In addition, we focused on recruiting experienced hires to augment top industry talent. We believe our historically low voluntary attrition rate is in part a result of our culture focused on our core values, diversity and inclusion, teamwork and commitment to employee development and career advancement discussed in more detail below. Given the challenging labor market and increased competition for talent impacted by the potential economic downturn and the high inflationary environment, our 2023 overall turnover was approximately 14%.

Continuing on our journey for sustainable diversity, equity and inclusion improvements and in response to stockholder feedback, we again publicly disclosed our 2022 Equal Employment Opportunity (EEO-1) data as of December 31, 2023 in our 2023 Corporate Sustainability Report.

Total Reward – Performance Based Compensation

We value results and believe in recognizing and rewarding performance. Our comprehensive total reward compensation philosophy is rooted in a real-time market-based approach, where we reward and recognize value creation and cultural alignment. We participate in industry-specific benchmarking surveys ensuring comparison points against local markets in a comprehensive manner. Overall, our employee compensation programs consist of an annual base salary, a discretionary performance-based annual cash incentive award and a discretionary long-term equity incentive award. All of our employees are eligible for the discretionary long-term equity incentive awards and discretionary short-term cash incentive awards based on both specific Company performance metrics tied to the same scorecard as the executive annual incentive awards and individual performance outcomes. These awards are a central part of ensuring that we competitively reward our employees in order to attract and retain top talent, as well as ensuring that their work efforts align with our stockholders by providing stock ownership opportunities for 100% of our employees.

Health and Wellness

We also offer our employees robust health and wellness benefits, and employees do not pay any health insurance premiums for benefits such as medical, dental, vision and life insurance, resulting in a high level of enrollment by our employees. Further, we have a competitive Company match on 401(k) retirement savings, and employees are immediately vested in their contributions as well as the Company matching dollars. Our retirement savings plan allows employees to choose between pre-tax or post-tax (ROTH) contributions, so they may plan for retirement in the format which best meets individual financial objectives.

Our benefits program also includes health savings and flexible spending accounts, paid time off, education assistance, gym reimbursement, volunteer time off, extended time off, and paid maternity and paternity leave. We also offer our employees the opportunity to work a flex work schedule under which, during the standard two week pay period, an employee works a minimum of eight 9-hour days and two 4-hour days (Fridays). We continue with our commitment to a flexible work life balance by offering a work from home policy which provides office-based employees a bank of days that they may utilize to work remotely.

Training and Development

Our inclusive training opportunities are designed to expand the professional knowledge of our team, and most offerings are provided across the organization to all employees at any level. We also provide on the job development and learning opportunities which allows our employees to apply and practice work activities with new knowledge and develop various skills. Our internal course offerings in 2023 and through the first quarter of 2024 included a wide array of topics such as extensive cybersecurity, safety and other compliance training

sessions. Additionally, our new hires undergo training and education on our Code of Business Conduct and Ethics. Our employees also receive training on regulatory compliance, industry standards and innovative opportunities to effectively manage the challenges of developing our oil and gas resources and related environmental and social responsibility. We have also implemented development programs that are designed to facilitate learning and collaboration regarding leadership capabilities at all levels.

Cybersecurity Risk Management and Governance

We have implemented and invested in, and will continue to implement and invest in, controls, procedures and protections (including internal and external personnel) that are designed to protect our systems, identify and remediate on a regular basis vulnerabilities in our systems and related infrastructure and monitor and mitigate the risk of data loss and other cybersecurity threats. We have engaged third-party consultants to conduct penetration testing and risk assessments. Our cybersecurity program is informed by the National Institute of Standards and Technology (“NIST”) Cybersecurity Framework and measured by the Maturity and Risk Assessment Ratings associated with the NIST Cybersecurity Framework and the Capability Maturity Model Integration. Our cybersecurity risk management program is integrated into our overall enterprise risk management program, and shares common methodologies, reporting channels and governance processes that apply across the enterprise risk management program to other legal, compliance, strategic, operational, and financial risk areas.

Our cybersecurity risk management program includes:

- risk assessments designed to help identify material cybersecurity risks to our critical systems, information, products, services, and our broader enterprise IT environment;
- a security team principally responsible for managing (i) our cybersecurity risk assessment processes, (ii) our security controls, and (iii) our response to cybersecurity incidents;
- the use of external service providers, where appropriate, to assess, test, train or otherwise assist with aspects of our security controls;
- security tools deployed in the IT environment for protection against and monitoring for suspicious activity;
- cybersecurity awareness training of our employees, including incident response personnel and senior management;
- cybersecurity tabletop exercises for members of our cybersecurity incident response team and legal department;
- a cybersecurity incident response plan that includes procedures for responding to cybersecurity incidents and is intended to allow the Company to timely fulfill any disclosure obligations that may arise as a result of any such incidents; and
- a third-party risk management process for service providers, suppliers, and vendors.

Our cybersecurity governance program is led by the Vice President and Chief Information Officer, with support from the internal information technology department. The Vice President and Chief Information Officer has over 20 years of technological leadership experience in the oil and gas industry, providing oversight of all information technology disciplines, including cybersecurity, networking, infrastructure, applications, and data management and protection. The Vice President and Chief Information Officer and his team, which consists of individuals who hold designations as Certified Information Systems Security Professional (CISSP), Certified Information Systems Auditor (CISA), CompTIA Security+, and Department of Defense (DoD)-Cybersecurity General, are responsible for leading enterprise-wide cybersecurity strategy, policy, standards, architecture and processes. In addition, our cybersecurity incident response team is responsible for responding to cybersecurity incidents in accordance with our Computer Security Incident Response Plan. Progress and developments in our cybersecurity governance program are communicated to members of the executive team. The audit committee of the board of directors receives quarterly updates on the status of our cybersecurity governance program, including as related to new or developing initiatives and any security incidents that may occur. Board members receive presentations on cybersecurity topics from the Vice President and Chief Information Officer as part of the board’s continuing education on topics that impact public companies. Further, our code of business conduct and ethics expects all employees to safeguard our electronic communications systems and related technologies from theft, fraud, unauthorized access, alteration or other damage and requires them to report any cyberattacks or incidents, improper access or theft to our Chief Legal and Administrative Officer and the Vice President and Chief Information Officer. Our cybersecurity governance program also includes processes to assess cybersecurity risks related to third-party vendors and suppliers.

Commitment to Community

Giving back to the communities where our employees live and in which we operate is part of our identity. We strongly believe these investments of time, money and compassion allow our employees to both experience and demonstrate the core values of our Company. We sponsor improvements in public education, participate in and support, many community organizations and actively promote local groups who focus on the underserved and underprivileged. Below are a few examples of investments of time and money that we made in our communities during 2023:

- Planted 100 trees in Midland public parks in underserved areas with irrigation for long-term support, over 300 trees planted to date.
- Diamondback employees volunteered 2,010 hours in the community in 2023.

- Created the Diamondback STEM Lab powered by syGlass at a local high school to support immersive learning through virtual reality, connected local students with various professors and universities across the nation and implemented an Anatomy and Physiology curriculum that meets national standards to support dual credit opportunities.
- Partnered with a local high school to create career panel discussions where employees shared information regarding their career and provided recommendations on next steps to being successful in college.
- Developed the Diamondback Rolling Baristas program, a partnership with a local school district, a local coffee shop, and Diamondback where students with intellectual disabilities may come in to serve coffee and refreshments to employees at the Fasken Towers every Wednesday and Thursday. This program works to support students' employability and social skills, as well as build connections between our employees and students that participate in the program.
- Every other week, Diamondback Reading Buddies serve second grade students with 14 employee volunteers at a local elementary school by reading to struggling readers in both English and Spanish and promoting the joy of literacy.
- Partnered with a local high school campus to create The Diamondback Tutoring/Mentorship program, a weekly program that supports students in the areas of Physics, UIL Math, Robotics, and college/career.
- Hosted a third annual Summer STEM Camp at Diamondback's corporate offices for disadvantaged middle school students with a focus on Robotics and relationship building to encourage a passion for STEM and leadership.
- Partnered with local elementary school to develop a storywalk experience and purchased physical assets for the community that encourage reading as a family, physical health, and outdoor activities.
- For the third year, donated "back to school" kits and winter coats for every student at an underserved Oklahoma City Elementary School.
- Diamondback employees volunteered at the annual Texas Size Garage Sale event which helps Senior Life Midland, a local non-profit, fund approximately one-third of the meals delivered each year for Meals on Wheels.
- Donated over \$40,000 of equipment to the Midland Fire Department for gas monitors and \$21,000 to the Midland Bomb Squad for initiators.
- Hosted fifth annual First Responders Appreciation Luncheon for over 500 first responders.
- Donated approximately \$1.9 million to local charities and philanthropy.
- Donated approximately \$2 million through the Permian Strategic Partnership (PSP). The PSP was formed over five years ago by 17 (now 27) oil and gas companies to focus on making investments to help in building superior educational programs, accessible housing, a supportive healthcare system, safer roads and a more skilled workforce throughout the Permian Basin.
- Partnered with the Midland Education Foundation to host the Teacher Winter Wishes Spectacular. Educators across the city were invited to receive free teacher supplies, gift cards, and a chance to win big ticket door prizes. During this two-day event, we were able to serve approximately 1,300 educators.
- Committed \$7.5 million to the Midland Athletic Syndicate to construct the principal building for a new sports complex for local sports and tournaments.
- Donated \$2 million to the Bush Tennis Center towards the construction of a new facility which will provide a world class athletic and training facility for residents of the Permian Basin.
- Committed \$500,000 to Mission Agape for the construction of a new food distribution center. The distribution center will expand storage capacity and increase the ability to provide services, strengthening Mission Agape's impact within the greater Permian Basin community.
- Continued to donate funds to international non-profits and philanthropy to support relief to continue to address Ukraine humanitarian needs.

Political Contributions and Activities

We are committed to transparency about the Company's public policy advocacy efforts, political contributions and related activities. The safety, sustainability and corporate responsibility committee is responsible for reviewing and discussing with Company management our public policy advocacy efforts, and annually reviews the activities of our political action committees (each, a "PAC"), all political contributions made with corporate funds and membership dues paid to 501(c)(6) U.S. based trade associations (including any portion of dues used for lobbying activities). In an effort to encourage employee participation, we have initiated a matching program whereby eligible employees, in the case of the Company's sponsored state PAC, and eligible employees and their spouses, in the case of the Company's sponsored federal PAC and a Company chosen PAC sponsored by a 501(c)(6) U.S. based federal trade association, who are contributing to the specified PAC can request that that Company make a matching donation in accordance with the Company's matching guidelines and subject to the limits thereof for an aggregate match not to exceed \$30,000 per employee per year. The matching program is broadly available to all eligible employees, including executive officers, on the same terms. All employee contributions to these PACs are not tax deductible and are not reimbursed by the Company.

We published our 2023 Corporate Political Contributions Disclosure Report in April 2024 on our website. In 2023, the Center for Political Accountability assessed our political contribution disclosures for its annual CPA-Zicklin Index of Corporate Political Disclosure and Accountability and designated the Company a first-tier score of 87.1%.

The Company evaluates its Corporate Political Contribution Disclosure Report annually, and we encourage you to review our 2023 Corporate Political Contributions Report and our Policy Governing Political Contributions and Activities, which are both available on our website under the “Investors—Corporate Governance” caption.

Moving Forward

We are proud of what we have been able to accomplish as a company and believe our achievements show a serious and growing commitment, demonstrating responsiveness to our evolving corporate responsibility. We are firmly resolved to live our core values of leadership, integrity, excellence, people and teamwork, and we will continue to strive for continuous improvement in the years ahead. As we enhance our corporate responsibility efforts and increase stockholder value, we look forward to providing periodic updates in future reports that detail both our challenges and successes.

Highlights of our accomplishments with respect to Environmental and Safety matters are below.

ENVIRONMENTAL

Emissions	<ul style="list-style-type: none">• Continue to invest in and implement upgraded equipment and new, low impact technology, including compressed instrument air systems, and combustion equipment designed to have the highest burn efficiency possible under normal operations.• Continue our commitment to engineering and equipment designs that keep our gas in sealed, recoverable vessels to reduce the amount of gas that flashes in tanks.• Increased inventory of batteries selling crude directly from vapor recovery towers, bypassing tanks and nearly eliminating tank emissions from those batteries.• Over 90% of our crude oil production is currently covered by continuous emissions monitoring devices.
Water Management	<ul style="list-style-type: none">• Significantly increased use of recycled water in our drilling and production operations.• Continued to enhance our tank battery design to include more efficient control technologies, including installing free water knockouts in place of gun barrels on all new tank battery locations.• Formed Deep Blue Midland Basin LLC, a strategic midstream joint venture with Five Point Energy LLC, to create the largest independent water infrastructure platform in the Midland Basin.
Spills and Spill Management	<ul style="list-style-type: none">• Continued focus on low spill rate with 24-hour support from integrated operations center.• Installed high-liquid-level alarms on storage tanks as well as high-level “well-kill” systems.• Investing in variable frequency drives to maintain pipeline operating pressures.
Climate Change	<ul style="list-style-type: none">• Committed to understanding the potential impact of growing alternative energy sources and the transition to a lower-carbon economy on our oil and gas portfolio and seek to factor changing conditions into our strategic plans, primarily through scenario planning to assess portfolio resilience over the long-term.• Implemented our “Net Zero Now” initiative under which, effective January 1, 2021, every hydrocarbon molecule we produce is anticipated to be produced with zero net Scope 1 GHG emissions.• Purchased carbon credits to offset the remaining emissions to the extent our GHG and methane intensity reduction targets do not eliminate our carbon footprint.• Continue to search for innovative ways to implement cost-effective, appropriate steps to monitor, measure and reduce our energy use, waste and emissions.
SAFETY	<ul style="list-style-type: none">• We currently have full-time, field-dedicated coordinators within our Health, Safety and Environmental (HSE) organization to monitor facilities and help prevent potential issues.• We have implemented a new cloud-based application that allows our employees to identify and immediately report incidents, potential hazards and near misses using a mobile device.• We have an active safety, sustainability and corporate responsibility committee of our board of directors that oversees our policies on ESG matters and the quality of our procedures for identifying, assessing, monitoring and managing the principal environmental, health, safety and social risks in our business and provides leadership with respect to best practices in the areas of environmental, sustainability and corporate and social responsibility.

AUDIT COMMITTEE REPORT

The audit committee is responsible for providing independent, objective oversight for the integrity of the Company's financial reporting process and internal control system. Other primary responsibilities of the audit committee include the review, oversight and appraisal of the qualifications, independence and audit performance of the Company's independent registered public accounting firm and providing an open venue for communication among the independent registered public accounting firm, financial and senior management, our internal auditors and the board of directors of the Company. A more detailed description of the responsibilities of the audit committee is set forth in its written charter, which is posted on our website at www.diamondbackenergy.com. The following report summarizes certain of the audit committee's activities with respect to its responsibilities during 2023.

Review with Management and Independent Registered Public Accounting Firm

The audit committee has reviewed and discussed with management and Grant Thornton LLP, an independent registered public accounting firm, the audited consolidated financial statements of the Company for the year ended December 31, 2023.

Controls and Procedures

The audit committee discussed with management and Grant Thornton LLP the quality and adequacy of the Company's disclosure controls and procedures. The audit committee also reviewed and discussed with management and Grant Thornton LLP the Company's system of internal control over financial reporting in compliance with Section 404 of the Sarbanes-Oxley Act of 2002.

Discussions with Independent Auditing Firm

The audit committee has discussed with Grant Thornton LLP, independent auditors for the Company, the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 1301, Communications with Audit Committees. The audit committee has received the written disclosures and the letter from Grant Thornton LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence and has discussed with that firm its independence from the Company.

Recommendation to the Board of Directors

Based on its review and discussions noted above, the audit committee recommended to the board of directors that the audited financial statements and management's report on internal control over financial reporting be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2023.

Stockholder Outreach and 2023 “Say-On-Pay” Advisory Vote

The compensation committee carefully reviews our executive pay programs and focuses on emphasizing pay for performance in making annual compensation decisions. The compensation committee values the insight we receive from our stockholder outreach and from our annual say-on-pay advisory vote on executive compensation. In 2023, approximately 96.5% of votes cast by our stockholders were in favor of our say-on-pay proposal. Although this vote demonstrates substantial support of our executive compensation programs, representatives of our board and management team continued to undertake stockholder engagement efforts to, among other things, solicit stockholder input on our executive compensation structure and ensure ongoing stockholder support of our executive compensation programs. During 2023, we solicited feedback on our executive compensation programs, ESG matters and other important corporate governance issues. For a discussion of our stockholder engagement and actions that we have taken in response to stockholder feedback, see “Corporate Governance Matters—Stockholder Engagement” on page 30.

— HIGHLIGHTS OF EXECUTIVE COMPENSATION BEST PRACTICES

The following highlights our commitment to the best compensation practices.

WHAT WE DO	
	We strive to pay for performance - The majority of our executive officers' compensation is long-term, "at risk" and is paid only if the Company achieves certain performance objectives, which are designed to increase the value of our stock.
	All of our performance-based equity awards vest over a three-year performance period, subject to achieving a specified total stockholder return (TSR) measured against our TSR performance peer group and satisfaction of continuous service requirements.
	All Diamondback equity awards made under the Equity Incentive Plan contain double-trigger change of control provisions.
	We require substantial stock ownership for our non-employee directors and executive officers and they must maintain their applicable stock ownership levels for as long as they serve on our board or are employed by us.
	We devote significant time to analyzing and preparing for executive succession and related retention matters.
	We hold annual advisory "say-on-pay" votes.
	We engage in active stockholder outreach with respect to executive compensation, corporate governance and other ESG matters.
	We benchmark executive compensation against our industry peers and non-oil industrial companies of similar size.
	Each member of our compensation committee meets the independence requirements under SEC rules and Nasdaq listing standards.
	We use an external, independent compensation consultant who is retained by, and reports directly to, the compensation committee to assist the Company with, among other things, conducting competitive benchmarking to align the Company's compensation program with prevailing market practices.
	We adopted an updated clawback policy that complies with the Nasdaq listing standards implementing Rule 10D- 1 of the Exchange Act and provides for the recoupment and/or forfeiture of certain executive officer incentive compensation.
	We utilize a balanced approach to compensation, which combines performance and time-based, short-term and long-term, and cash and equity compensation components.

WHAT WE DON'T DO	
	No hedging of Company securities, including by entering into publicly traded options, puts, calls, short sales or similar hedging transactions, by executive officers or directors.
	No pledging of our common stock as collateral for a loan or holding of our common stock in margin accounts by our directors and executive officers.
	No tax gross-ups for executive officers.
	No repricing of underwater stock options or stock appreciation rights.
	No severance compensation unless departing executive officers agree not to compete with us for a specified period of time after the end of their employment.
	No performance metrics that would encourage excessive risk taking by our executive officers.
	No significant perquisites to our executive officers.
	No guaranteed annual bonuses
	No pension or supplemental retirement benefits to our executive officers (other than under our broad-based 401(k) plan).
	No employment agreements with our executive officers, including our NEOs.

— EXECUTIVE COMPENSATION POLICY AND OBJECTIVES

Executive Compensation Objectives

Our executive compensation philosophy is guided by several key principles described below:

Our Goals	<ul style="list-style-type: none"> Our goals are to attract, retain, and motivate our executive team and our organization to deliver results against our short-term and long-term objectives in a principled way, with prudent risk-taking, and alignment with our stockholders.
Pay for Performance	<ul style="list-style-type: none"> A majority of total compensation to our executive officers is at-risk performance-based compensation, including both long-term performance-based equity awards and short-term performance-based cash incentive awards. Our long-term equity awards include performance-based awards based on relative TSR, as modified by an absolute TSR modifier. The Company's TSR performance peer group also includes the S&P 500 (weighted twice) and XOP Index to account for performance against the broader market. Annual cash incentive awards are based on rigorous operational, financial and environmental and safety performance metrics that are entirely quantitative and do not provide for the exercise of discretion by the compensation committee to increase the award payout. In 2023, the compensation committee maintained a significant focus on ESG metrics in response to stockholder feedback. Our compensation structure motivates executives and our employees to deliver outstanding financial performance and meet or exceed general and specific business, operational and individual objectives, and progress towards our long-term strategic goals.
Alignment with Stockholder Interests	<ul style="list-style-type: none"> We provide a majority of the total compensation to our executive officers in Company equity, thus ensuring alignment of interests between our executives and our stockholders, and driving alignment of goals, efforts, and results throughout the organization.

Risk Management Principles	<ul style="list-style-type: none"> Our compensation committee consists entirely of independent directors who engage an external, independent compensation consultant to assist in constructing an executive compensation program that aligns with good governance practices and prevailing market trends.

The Role of the Compensation Committee

Our compensation committee oversees and approves our executive compensation program and establishes our overall compensation philosophy and strategy. The compensation committee, with the assistance of its external, independent compensation consultant, determines the mix of compensation, both among short-term and long-term components and cash and equity components, to establish compensation that it believes is appropriate for each of our NEOs. Representatives of the compensation committee may also participate in the Company's stockholder engagement efforts to, among other things, solicit stockholder input on our executive compensation structure and ensure ongoing stockholder support of our executive compensation programs. In making compensation decisions with respect to each element of compensation, the compensation committee considers numerous factors, including:

- aligning the compensation of our executives with the performance of the Company on both a short-term and long-term basis;
- achievement of individual and Company performance goals and other expectations relating to the executive's position;
- a comparison of the individual to other executives within the Company with similar levels of expertise and experience;
- the individual's role with us and the compensation paid to similar executives at comparable companies;
- the individual's particular background and circumstances, including training and prior relevant work experience and unique industry skills;
- the demand for the individual's specific expertise and experience;
- succession planning and retention considerations; and
- recommendations from our Chief Executive Officer and President (but not with respect to their own compensation).

The compensation committee seeks to design a total compensation package for our NEOs that drives performance, rewards contributions in support of our business strategies and attracts, motivates and retains high quality talent with the skills and competencies our industry requires. The compensation committee seeks to balance these goals by designing our compensation policies and programs to encourage and reward prudent business judgment over the long-term by offering both time-based and performance-based long-term incentive (LTI) awards, setting meaningful performance criteria and targets for incentive compensation, and offering competitive base salaries. The compensation committee believes that this combination should avoid encouraging executives and management-level employees to engage in excessive risk-taking, while at the same time promoting performance and retention.

The Role of Management

In 2023, our Chief Executive Officer and President evaluated executive and Company performance for the prior year and made recommendations to the compensation committee regarding the annual base salaries, annual incentive compensation plan target award percentages and LTI awards under the Equity Incentive Plan for the executive officers, including the NEOs, other than the Chief Executive Officer and President. Our Chief Executive Officer also made recommendations to the compensation committee, in the President's absence, regarding the annual base salary, annual incentive compensation plan target award percentage and LTI award under the Equity Incentive Plan for the President. The Company's Human Resources and Legal departments also assist the compensation committee and its independent compensation consultant in gathering the information needed for their respective reviews of the Company's executive compensation program. While the compensation committee considers our Chief Executive Officer's and President's evaluation of the other executive officers and their recommendations as to compensation for the other executive officers, the compensation committee ultimately determines the compensation of each executive officer, including each NEO.

The compensation committee evaluates, in his absence, our Chief Executive Officer's performance and compensation based on his leadership role, his individual performance and the Company's performance measured against the metrics described in this compensation discussion and analysis, and his total compensation package is ultimately determined by the compensation committee.

The Role of the Compensation Consultant

Our compensation committee annually retains, at the Company's expense, an external, independent compensation consultant to assist with executive and non-employee director compensation matters. In connection with its evaluation of executive compensation for 2023, the compensation committee retained Meridian, as its independent compensation consultant.

The compensation committee reviewed the independence of Meridian during the applicable engagement period and determined that there were no conflicts of interest as a result of the compensation committee's engagement of such consultant. The compensation committee continues to evaluate the independence of its compensation consultant on an ongoing basis. Meridian did not provide any services to the Company during 2023 other than related to executive and director compensation.

The compensation committee has sole authority to hire and terminate its independent compensation consultant, and the independent compensation consultant reports only to the compensation committee. From time to time, Meridian contacts the Company's executive officers for information necessary to fulfill its assignment and prepares reports for and on behalf of the compensation committee that certain executive officers also receive.

— COMPETITIVE BENCHMARKING

Role of Benchmarking in Determining Executive Compensation for 2023

In general, the compensation committee uses competitive market compensation data provided by Meridian, information gathered from Meridian's proprietary E&P Compensation Survey, public filings of peer companies, supplemental general industry reference data for cross-industry roles and discussions with the Chief Executive Officer and President to inform its decisions about overall compensation opportunities and specific compensation elements. The compensation committee considers these compensation elements and total compensation benchmarks of peer companies and the broader U.S. market. Next, the compensation committee applies judgment and discretion in establishing targeted pay levels, taking into account not only competitive market data, but also factors such as Company and individual performance, scope of responsibility, critical needs, skill sets, leadership potential, and succession planning.

Further, in considering changes to the 2023 executive compensation packages, the compensation committee evaluated, among other things, aspects of executive compensation in general, market data and competitive analysis provided by Meridian, the Company's 2022 and multi-year performance, our executives' individual contributions to such performance, compensation alignment with future

performance and stockholder value creation, performance-qualified equity awards, retention considerations, market alternatives for our executives, input obtained from our stockholder outreach efforts and our Chief Executive Officer's and President's recommendations (other than with respect to compensation for the Chief Executive Officer and President).

Our 2023 Benchmarking Compensation Peer Group

In structuring our compensation policies and programs, the compensation committee considers the compensation practices of peer companies consisting of independent oil and gas E&P companies and may also review compensation data from the oil and natural gas industry, any relevant compensation surveys and guidance from the compensation consultant. The compensation committee considers and may make changes to the companies included in our compensation peer group, primarily based on industry segment, and measures of size such as enterprise value, market capitalization, assets and revenues, after discussing such considerations with management and Meridian. Following discussions with Meridian and review of pertinent financial information, the compensation committee utilized the same peer group for 2023 that it used in 2022.

In its review of the compensation peer group for 2023, the compensation committee considered pertinent financial measures for each company as provided by Meridian, including enterprise value and market capitalization as of November 2022 and assets and revenue as of the quarter ended September 30, 2022, as shown (in millions) in the table below:

	Enterprise Value	Market Capitalization	Assets	Revenue
Peer Group 50th Percentile	\$ 29,715	\$ 25,454	\$ 22,027	\$ 11,962
Diamondback Energy, Inc.	\$ 34,828	\$ 28,202	\$ 23,843	\$ 9,126

The benchmarking compensation peer group used in Meridian's study, which served as reference for making compensation decisions for 2023, consisted of the following 12 companies.

Antero Resources Corporation	EQT Corporation
APA Corporation	Hess Corporation
Continental Resources, Inc.	Marathon Oil Corporation
Coterra Energy Inc.	Occidental Petroleum Corporation
Devon Energy Corporation	Ovintiv Inc.
EOG Resources, Inc.	Pioneer Natural Resources Company

Meridian provided competitive data for similarly situated executives at these compensation peer group companies, focusing on salary, annual incentive opportunity and LTI opportunity, and analyzing how these elements of compensation compare to the elements of compensation afforded to our executive officers, including the NEOs.

In addition to reviewing peer compensation information and advice provided by Meridian in connection with establishing 2023 executive compensation, the compensation committee also analyzed compensation information compiled by Meridian for 41 non-oil industrial companies with revenues between \$7.5 billion and \$15 billion.

As described above, the compensation committee utilizes a substantially similar peer group to assess our relative TSR performance in the performance-based restricted stock unit awards granted to our NEOs, which also includes the S&P 500 (weighted twice) and XOP Index.

— 2023 COMPENSATION PROGRAM DESIGN AND STRUCTURE

During 2023, the Company's executive compensation program consisted of four primary components including both fixed and variable, at-risk elements, as shown below.

	Direct Compensation Element	Form of Compensation	Purposes and Alignment with Long-Term Stockholder Interests
FIXED	Base Salary	Cash	<ul style="list-style-type: none"> Provide a fixed level of compensation for performing applicable executive functions Based on level of responsibility, experience, individual performance, industry and market criteria and competition for talent
VARIABLE, AT RISK	Performance-Based Annual Incentive Bonus	Cash	<ul style="list-style-type: none"> Reward short-term financial and operational performance over a one-year performance period Based on pre-established performance metrics and goals with minimum thresholds that must be met (and with payout caps). Performance measured against rigorous operational, financial and ESG performance metrics that are entirely quantitative
	Performance-Based Restricted Stock Unit Award	Equity—PSUs with a three-year performance period	<ul style="list-style-type: none"> Align interests of our executives with our stock performance and long-term interests of our stockholders Based on (i) attainment of specific performance goals established by the compensation committee, (ii) our TSR, both (A) relative to our TSR performance peer group during the performance period (which now includes the S&P 500 (weighted twice) and XOP Index to account for performance against the broader market) and (B) on an absolute basis, which may result in an adjustment up or down depending on performance and (iii) continuous service requirements
	Time-Based Restricted Stock Unit Award	Equity—RSUs	<ul style="list-style-type: none"> Provide a retention incentive, facilitate stock ownership and align our executives' interest with long-term stockholder interests Vest in three approximately equal annual installments, with the first installment vesting on the date of grant and the remaining two installments vesting in March of each subsequent year, assuming continuous service

EXECUTIVE COMPENSATION PROGRAM ELEMENTS

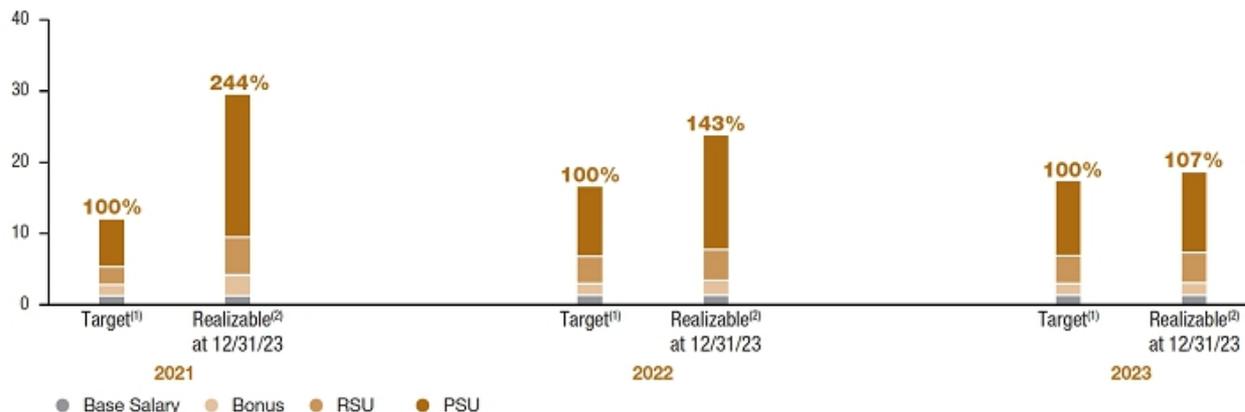

Our compensation committee determines the mix of compensation, both among short-term and long-term compensation and cash and non-cash compensation, to establish total compensation packages that it believes are appropriate for each of our NEOs. While emphasizing pay for performance, the compensation committee believes that the mix of base salary, performance-based annual incentive bonus awards based on pre-established financial, operational and ESG performance targets, performance-based LTI equity awards, time-based LTI equity awards, and the other benefits that are available to our NEOs will accomplish our overall compensation objectives. We believe that these elements of compensation create competitive, retentive and compelling compensation opportunities and also align our NEO's interests with long-term stockholder interests.

(1) Each of these pay mix illustrations consists of the annual base salary, annual incentive bonus paid and the grant date fair value of the performance-based and time-based equity awards granted in 2023. These pay mix illustrations exclude amounts listed in the column titled "All Other Compensation" in the Summary Compensation Table set forth on page 65.

Below is an illustration that compares CEO target compensation versus CEO realizable compensation for 2021-2023, in each case calculated as of December 31, 2023.

CEO TARGET VS REALIZABLE COMPENSATION 2021-2023⁽¹⁾
(\$ in millions)

(1) For purposes of this graph, "target compensation" consists of the annual base salary, target annual incentive bonus opportunity and the grant date fair value of the performance-based and time-based equity awards granted in each year presented.

(2) For purposes of this graph, "realizable compensation" consists of the annual base salary earned for each year presented, the annual incentive bonus earned for each year presented and, with respect to time-based equity awards, the value of the shares underlying the applicable award (whether or not vested) based on the closing price per share of the Company's common stock on the applicable date presented. With respect to performance-based equity awards granted in 2022 and 2023, the value of realizable compensation presented represents the value of the total number of shares that would have been granted if the performance period for the applicable award ended on December 31, 2023 calculated using the closing price per share of the Company's common stock on December 29, 2023.

Pay for Performance Driven Compensation Structure

As illustrated above, the total direct compensation of our NEOs is heavily weighted towards variable, at-risk compensation that is tied to performance. The performance component of our Chief Executive Officer's and our other NEOs' pay mix for 2023 represented 70% and 68%, respectively, of such NEO's total direct compensation.

The following describes each element of our executive compensation program, which we use to meet our compensation objectives discussed above.

Base Salary

The compensation committee evaluates our NEOs' base salaries together with other components of their compensation to ensure equitable total compensation in line with our overall compensation philosophy and market practices in our compensation peer group, our industry in general, and considering other general industry benchmarks for executive roles which are not industry specific. In setting our NEOs' base salaries and incentive targets for 2023, the compensation committee considered, among other factors:

- the market and compensation peer group data included in the study conducted by Meridian, the compensation committee's independent compensation consultant for 2023, discussed above;
- the recommendations of our Chief Executive Officer and President with respect to the base salaries for other NEOs, and the recommendations of our Chief Executive Officer with respect to the base salary for the President;
- the complexity of the individual's role within the Company;
- the individuals' expertise, experience, rarity of skill, and potential for advancement;
- if the executive was promoted or identified in our succession planning; and
- individual performance, leadership and contribution toward the Company's achievement of certain financial, operational and ESG metrics discussed in this compensation discussion and analysis.

The compensation committee determined not to change the Chief Executive Officer's base salary for 2023. The compensation committee approved an increase to our other NEOs' annual base salaries for 2023 as compared to 2022 based on Company and individual performance and competitive benchmarks for their respective roles and responsibilities, including, in the case of Mr. Zmigrosky, expanded responsibilities resulting from his promotion in February 2023 to Executive Vice President, Chief Legal and Administrative Officer and Corporate Secretary. Based on the foregoing considerations, the compensation committee set the following annual base salaries for our NEOs effective as of February 26, 2023:

Named Executive Officer	2023 Base Salary	2022 Base Salary	% of Increase
Travis D. Stice	\$ 1,350,000	\$ 1,350,000	0%
M. Kaes Van't Hof	\$ 650,000	\$ 625,000	4%
Teresa L. Dick	\$ 500,000	\$ 475,000	5%
Daniel N. Wesson	\$ 600,000	\$ 560,000	7%
Matt Zmigrosky	\$ 600,000	\$ 550,000	9%

Performance-Based Annual Incentive Bonus

2023 PERFORMANCE BONUS

Performance bonuses to our NEOs for 2023 were granted under our Executive Annual Incentive Compensation Plan (the Annual Incentive Plan). The Annual Incentive Plan is designed to provide an incentive to our executive officers to contribute to the growth, profitability and increased value of the Company. The Annual Incentive Plan is focused on achievement of annual objectives and goals, determined at the beginning of each calendar year. Participants may earn a pre-determined percentage of base salary for the achievement of specified goals (performance targets). The payout opportunity varies for performance above and below the pre-established target performance levels. For a more detailed description of the Annual Incentive Plan, see "Other Significant Compensation and Benefit Plans, Policies and Practices—Annual Incentive Plan" beginning on page 57 of this proxy statement.

With respect to each annual performance period, the compensation committee specifies the performance factors and the performance target levels applicable to each award. Performance targets may include a level of performance below which no payment will be made and levels of performance at which specified percentages of the award will be paid as well as a maximum level of performance above which no additional award will be paid.

Below is a simple illustration of the design of Diamondback's 2023 Performance Bonus:

For 2023, the compensation committee did not change the annual incentive target percentages for Messrs. Stice or Zmigosky or Ms. Dick. The compensation committee increased the annual incentive target percentages from 90% to 100% for Mr. Van't Hof and from 80% to 90% for Mr. Wesson in recognition of their additional roles and responsibilities following their promotions in 2022 to President and Chief Operating Officer, respectively.

Each year, the compensation committee, advised by its independent compensation consultant and informed by feedback received during the Company's substantial stockholder engagement efforts, undertakes a thorough and rigorous process to review each element of the Company's Annual Incentive Plan scorecard. The compensation committee's desire to be proactive in implementing thoughtful changes to our compensation practices has allowed the compensation committee to continually construct a scorecard that is directly responsive to stockholder feedback and is intended to incentivize our management team in ways that translate to stockholder value creation and encourage responsible governance practices. This strategy is reflected in the evolution of the scorecard over the last decade. We eliminated production and reserves growth metrics in our scorecard for the Annual Incentive Plan after 2014. We added a return on average capital employed metric to our performance factors in the Annual Incentive Plan scorecard in 2018. In early 2020, the compensation committee took an additional step by adding specific, measurable environmental and safety performance targets to the scorecard for the Annual Incentive Plan. In 2021, primarily in response to significant stockholder feedback, the compensation committee included more performance factors focused on financial returns and increased the weighting of such performance factors while reducing the weighting of performance factors related to costs and capital efficiency.

When constructing the Annual Incentive Plan scorecard for 2023, the compensation committee again reviewed significant data from its independent compensation consultant, incorporated stockholder feedback and reviewed the performance factors in light of the Company's strategic objectives for 2023. The compensation committee also observed the positive trend of consistent stockholder support for the Company's executive compensation programs, with stockholders voting to approve the Company's say-on-pay proposal at a rate of at least 95% for each of the past 3 years. Accordingly, the framework for the 2023 Annual Incentive Plan scorecard was largely unchanged, with minimal exceptions as it relates to the environmental and safety performance factor in the scorecard. Accounting for stockholder feedback, market trends and advice from its independent compensation consultant, the compensation committee agreed to (i) maintain the weighting of the environmental and safety performance factor at 25% and (ii) establish individual performance levels for each of the metrics comprising the environmental and safety performance factor such that each metric is effectively weighted 5% as further described in the tables below.

When establishing the 2023 performance levels under the Annual Incentive Plan, the compensation committee reviewed, among other things:

- our performance trends over a multi-year period;
- our capital budget, business plan and annual guidance;
- execution challenges expected due to perceived inflationary pressures;
- the effects of potential merger and acquisition activity;
- service and commodity markets;
- capital requirements; and
- the appropriateness and rigorousness of the target, threshold and maximum performance levels for each performance factor.

Specifically with respect to the performance targets for each metric comprising the environmental and safety performance factor, such performance targets were set for each metric taking into account multiple considerations, including a review of our performance trends, benchmarking considerations relative to peer performance over a multi-year period and current progress toward Company-established targets with respect to flaring, GHG emission intensity, methane intensity and water recycling.

Taking the foregoing into account, the performance factors and levels listed in the table below were established by the compensation committee in February 2023. The compensation committee set target performance levels that we believe were rigorous based on our historical performance, capital budget, business plan and annual guidance, were competitive with the metrics of the best operators in our compensation peer group in each respective category and were responsive to feedback from our stockholders.

The performance goals shown below align with how management views our success and how stockholders evaluate our financial, operating and ESG performance, both on a standalone basis and relative to our peers and the broader energy industry.

In February 2024, the compensation committee reviewed and certified the Company's performance in relation to the pre-established performance goals and targets for 2023, which are set forth below:

Performance Factors	Performance Levels ⁽¹⁾			2023 Weighting	% of Target	2023 % Earned

(1) The Company utilizes the American Exploration and Production Council (“AXPC”) definition to calculate flaring intensity. The Company has set a target of eliminating routine flaring (as defined by the World Bank) by 2025.

(2) The Company utilizes the AXPC definition to calculate GHG Emission Intensity. The Scope 1 GHG intensity result presented in the table was certified in 2023 and relates to 2022 operations. The Company has set a target of reducing Scope 1 GHG intensity by at least 50% from 2019 levels by 2024.

(3) The Company utilizes a modified AXPC definition to account for barrels recovered as the basis for calculating spills. The Company recognizes spills as defined by AXPC, net of volume recovered from secondary containment.

(4) The Company utilizes the AXPC definition to calculate water recycle rate. The Company had set a 2025 target of > 65%, which it exceeded for 2023.

(5) The Company utilizes the same definition adopted by AXPC and the Occupational Safety and Health Administration to calculate TRIR.

After applying the weighting established by the compensation committee to each performance factor, Diamondback achieved the short-term annual incentive plan performance goals at 105% of target.

As a result, the compensation committee authorized the following NEO payouts under the Annual Incentive Plan for 2023:

2023 SHORT-TERM INCENTIVE AWARD PAYOUTS TO NAMED EXECUTIVE OFFICERS

PREVIEW OF 2024 PERFORMANCE BONUS STRUCTURE

Recognizing the consistent stockholder support for the Company's executive compensation programs, the compensation committee undertook a similar process as described above when constructing the Annual Incentive Plan scorecard for 2024. The framework for the 2024 Annual Incentive Plan scorecard remains unchanged from 2023. The compensation committee elected to maintain the same performance factors and the weightings for each performance factor. Further information regarding the 2024 Annual Incentive Plan scorecard, including the applicable performance levels and related performance will be detailed in the proxy statement for Diamondback's 2025 annual stockholders meeting.

Long-Term Equity Incentive Compensation

We believe providing our NEOs the opportunity to be awarded stock and stock-based awards offers the best approach to achieving our compensation goals and aligns the interests of our executive officers with those of our stockholders. To achieve this purpose, our board of directors adopted and our stockholders approved the 2021 Amended and Restated Equity Incentive Plan (Equity Incentive Plan). The purpose of the Equity Incentive Plan is to enable us, and our affiliates, to attract and retain the services of the types of executives, employees, consultants and directors who will contribute to our long-term success and to provide incentives that will be linked directly to increases in share value that will benefit our stockholders. The Equity Incentive Plan provides a means by which eligible recipients of awards may be given an opportunity to benefit from increases in value of our common stock through the granting of equity awards. The terms of the Equity Incentive Plan are described in more detail below.

2023 PERFORMANCE-BASED AND TIME-BASED AWARDS

In March 2023, the compensation committee granted our NEOs three-year performance-based restricted stock units and time-based restricted stock units, in each case under the Equity Incentive Plan, in the amounts shown below. In 2023, the compensation committee established 2023 Target LTI awards based on a review of market data from its independent compensation consultant, Company and individual performance, and the prevailing industry environment. Consistent with the compensation committee's focus on giving more weight to the performance component of our executive compensation, the 2023 performance-based equity award granted to each NEO represented 60% of the total 2023 LTI award, with the time-based component of such award representing 40% of the total 2023 LTI award.

	Performance-Based Restricted Stock Units ⁽¹⁾	PSU % of Total LTI Award	Time-Based Restricted Stock Units ⁽²⁾	RSU % of Total LTI Award	Targeted Value of Total LTI Award ⁽³⁾
Travis D. Stice	40,509	60%	27,006	40%	\$ 9,450,000
M. Kaes Van't Hof	18,218	60%	12,145	40%	\$ 4,250,000
Teresa L. Dick	9,216	60%	6,144	40%	\$ 2,150,000
Daniel N. Wesson	13,289	60%	8,859	40%	\$ 3,100,000
Matt Zmigrosky	10,717	60%	7,144	40%	\$ 2,500,000

(1) The three-year performance-based restricted stock units are for the performance period from January 1, 2023 through December 31, 2025. Each NEO is also entitled to dividend equivalent rights on such NEO's unvested performance-based restricted stock units at target.

(2) Time-based restricted stock units of which one-third of the award vested on March 1, 2023, with the remaining restricted stock units vesting in two substantially equal annual installments beginning on March 1, 2024. Each NEO is also entitled to dividend equivalent rights on such NEO's unvested time-based restricted stock units.

(3) The aggregate number of performance-based and time-based restricted stock units for each NEO for 2023 was calculated by dividing the targeted value of the total LTI award for each NEO indicated in the table by \$139.97 per share, representing the average closing price per share of our common stock on The Nasdaq Global Select Market for the five trading days immediately preceding the last trading day in February 2023, and allocated 60% to the performance-based restricted stock units and 40% to the time-based restricted stock units.

The performance-based restricted stock units are subject to the performance of our total stockholder return relative to our TSR performance peer group set forth in the table below for the applicable performance period. Additionally, the number of performance-based restricted stock units that would otherwise vest is further adjusted by the absolute TSR modifier illustrated below that reduces payouts upon negative performance period absolute TSR, and increases payouts when the annualized performance period absolute TSR is greater than 15%. No awards vest if the relative total stockholder return (prior to any adjustment required by application of the absolute TSR modifier) falls below the 25th percentile. The performance-based restricted stock units are also subject to satisfaction of continuous service requirements.

Below 0%	75%
Between 0% and 15%	100%
Above 15%	125%

Target grant vesting percentage is expressed as a percentage of the target number of performance-based restricted stock units granted and, after being adjusted by the applicable absolute TSR modifier, may result in a settlement up to a maximum grant equal to 250% of the target number of performance-based restricted stock units granted.

These awards were designed to incentivize our NEOs to continue to contribute to the Company's performance at the top of its TSR performance peer group, similar to the Company's performance in prior periods. In addition, the time-based restricted stock unit awards were designed to promote retention of our NEOs who have been pursued not only by industry competitors but also by private equity groups.

2023 TSR PERFORMANCE PEER GROUP

The 2023 TSR performance peer group, which was approved by the compensation committee and will be used to determine the total stockholder return percentile in the 2023 performance-based restricted stock unit awards granted in March 2023 to the NEOs, consisted of the following 11 members in addition to the Company.

APA Corporation	Marathon Oil Corporation
Coterra Energy Inc.	Ovintiv Inc.
Devon Energy Corporation	Pioneer Natural Resources Company
EOG Resources, Inc.	S&P 500 Index (weighted twice)
Hess Corporation	SPDR S&P Oil and Gas E&P ETF Index (XOP Index)

VESTING OF 2021 PERFORMANCE-BASED AWARDS

In February 2024, the compensation committee certified the attainment of the pre-established performance goals with respect to performance-based restricted stock units granted to our NEOs in March 2021, which awards were subject to the satisfaction of certain total stockholder return performance conditions relative to our TSR performance peer group for the performance period commencing on January 1, 2021 and ending on December 31, 2023, and continuous service requirements. The compensation committee certified that, based on publicly available information:

- (i) our total stockholder return for the above-referenced performance period was in the 82nd percentile of the TSR performance peer group resulting in a target vesting percentage of 200%;
- (ii) the annualized absolute total stockholder return percentage for the above-referenced performance period was approximately 55% (approximately 275% on a cumulative basis), resulting in the application of an absolute TSR modifier of 125% and a resulting vesting percentage of 250% of the target number of restricted stock units granted to the NEOs; and
- (iii) the applicable performance target and other material terms of such performance-based restricted stock unit awards were achieved at such levels for the above-referenced performance period.

As in all prior years, acquired companies were not excluded from the relative comparison during the performance period, and the total stockholder return for such companies was measured assuming the performance period ended for each such company at the announcement of the applicable acquisition.

In connection with reaching these performance goals, each of the 2021 performance-based restricted stock unit awards received by Messrs. Stice, Van't Hof, Wesson and Zmigrosky and Ms. Dick vested at 250% of the target, resulting in the issuance of the shares of the Company's common stock underlying the 2021 performance-based restricted stock units to these NEOs in March 2024 as follows:

Named Executive Officer	2021 Performance-Based Restricted Stock Unit Award	Vesting Percentage After Application of Absolute TSR Modifier	Actual 2021 Performance-Based Restricted Stock Units Granted
Travis D. Stice	51,748	250%	129,370
M. Kaes Van't Hof	27,168	250%	67,920
Teresa L. Dick	15,524	250%	38,810
Daniel N. Wesson	11,643	250%	29,108
Matt Zmigrosky	12,420	250%	31,050

— OTHER SIGNIFICANT COMPENSATION AND BENEFIT PLANS, POLICIES AND PRACTICES

Senior Management Severance Plan

Effective February 20, 2020, we adopted the Diamondback Energy, Inc. Senior Management Severance Plan, which was (i) amended and restated effective February 21, 2022, to provide for adjustments to severance benefits in connection with certain executive promotions and related title changes, and (ii) further revised pursuant to certain clarifying amendments effective February 11, 2024 (as so amended and restated, the severance plan). We entered into a participation agreement thereunder with each of our NEOs. Pursuant to the participation agreements, the benefits under the severance plan replace any prior employment agreement with each of our NEOs. The severance plan also covers other eligible executives who are selected to participate and replaces any employment agreement they may have had. The severance plan provides a uniform framework for certain severance and change in control benefits that are consistent with market practices and is described in more detail below.

Payments and Benefits Unrelated to a Change in Control

In the event that the employment of a participating executive is terminated by us other than for "cause" (and not by reason of death or disability) or if the participant terminates his or her employment for "good reason" (in each case as defined in the severance plan), in addition to any accrued but unpaid base salary or unreimbursed business expenses payable in accordance with the requirements of applicable law, the participant is entitled to receive severance benefits consisting of:

- (i) an amount, if any, equal to the bonus that would be payable for services attributable to a completed prior year performance period that has not been paid under the terms of the Annual Incentive Plan or any successor annual cash incentive plan or program;
- (ii) a multiple of base salary continuation for a specified number of months (2x for 24 months for the Chief Executive Officer, 1x for 21 months for the President, 1x for 18 months for Executive Vice Presidents, 1x for 15 months for Senior Vice Presidents and 1x for 12 months for Vice Presidents);
- (iii) a pro-rated target annual cash bonus for the year of termination (based on the number of days employed during the year of termination);
- (iv) reimbursements for the cost of up to 18 months of premiums for COBRA group health continuation coverage; and
- (v) the vesting or forfeiture, as applicable, of each outstanding unvested equity-based compensation award granted by us or our affiliates in accordance with the terms of the applicable equity award agreement. Mr. Stice's participation agreement includes terms that are intended to maintain certain benefits under his prior employment agreement and are consistent with prior public disclosure that require each equity award granted to Mr. Stice to become 100% vested upon an eligible termination, and in the case of outstanding performance-based equity awards to vest at the maximum level under the equity award agreement, and be settled within ten business days.

Severance Benefits Related to a Change in Control

In the event that employment of a participant is terminated by us other than for “cause” (and not by reason of death or disability) or if the participant terminates his or her employment for “good reason,” in either case within the two year period (protection period) immediately following the consummation of a change in control (as defined in the severance plan), the participant will be entitled to the benefits described above, except that the salary continuation described in clause (ii) will be replaced by a lump sum cash payment equal to a multiple of the participant’s base salary plus such participant’s average bonus for the preceding three years (3.0x for the Chief Executive Officer, 2.75x for the President, 2.5x for Executive Vice-Presidents, 2.25x for Senior Vice-Presidents and 2.0x for Vice-Presidents).

Severance Benefits Related to Death or Disability

The severance plan also provides the same benefits described in clauses (i), (ii), (iii) and (v) above (but not clause (iv)) in the event that a participant dies or becomes disabled (as defined in the severance plan) while employed by us. Mr. Stice’s participation agreement includes terms that are intended to maintain certain benefits under his prior employment agreement and are consistent with prior public disclosure that require the Company to pay 100% of the premiums to continue the group health plan continuation coverage under COBRA for Mr. Stice (in the event of his disability) and his spouse’s and any of his eligible dependents (in the event of his death or disability).

Release and Restrictive Covenants

The payment of any benefits under the severance plan is conditioned on the participant’s (or if applicable, the participant’s personal representative’s or estate’s) execution of a waiver and general release of claims. The severance plan also includes certain covenants restricting (i) competition with Diamondback and its subsidiaries, (ii) solicitation or hire of employees or agents of Diamondback and its subsidiaries and (iii) interference with business relationships of Diamondback and its subsidiaries with third parties, which covenants apply, in each case, during the period of the participant’s employment with the Company and for a period of one year (or such shorter period described below) following termination of employment (collectively, the restricted period). If a participating executive terminates employment on a basis that is not eligible for severance benefits, the Company can elect to apply these restrictive covenants for a monthly period selected by the Company not to exceed 12 months and receive a waiver and release by payment of an amount equal to one-twelfth of the participant’s annualized base salary plus target annual bonus for each month the restrictive covenants will apply, and such amount will be paid on a pro-rated basis on a regularly scheduled payroll date during such restricted period following the termination date. Notwithstanding the foregoing restrictions, in the event the participant’s employment is terminated by the Company without cause or by the participant for good reason during the protection period or due to the participant’s death or disability, the restrictions on competition with Diamondback and its subsidiaries and on interference with their business relationships with third parties will end on the date of such participant’s termination of employment.

We believe that these severance benefits provide the same type of income transition protections that were provided to our executives under their prior employment agreements, offer letters or similar agreements. The severance plan’s provisions are intended to attract and retain qualified executives that could have job alternatives that may appear to them to be less risky absent these arrangements. We believe that the enhanced severance benefits resulting from terminations related to a change in control transaction are in the interest of our stockholders because they provide an incentive for executives to continue to help successfully execute such a transaction from its early stages through consummation. We also believe that these benefits provide important protection to our NEOs, are consistent with the prior employment protections and the practices of peer group companies and are appropriate for the attraction and retention of executive talent.

Viper Long-Term Incentive Plan

We provide personnel and general and administrative services to our publicly traded subsidiary Viper Energy, Inc. (Nasdaq: VNOM) (“Viper”), including the services of the executive officers and other employees, pursuant to the Services and Secondment Agreement, dated as of November 2, 2023 and effective as of November 13, 2023, the effective time of the conversion of Viper Energy Partners LP (the “Partnership”) from a Delaware limited partnership into a Delaware corporation (the “Conversion”), in substantially the same manner as we previously provided to Viper’s general partner (the “General Partner”) pre-Conversion under Viper’s partnership agreement. Under the terms and conditions of Viper’s Long-Term Incentive Plan (the “Viper LTIP”) adopted by the former General Partner prior to the Partnership’s initial public offering completed on June 23, 2014 and amended and restated in connection with the Conversion, Viper’s board of directors or its compensation committee, established in March 2024, may, from time to time, grant equity awards under the Viper LTIP to our executive officers and other employees who perform services for Viper. No grants under the Viper LTIP were made to our NEOs or other executive officers in 2023. To motivate and incentivize our executive officers who perform such services for Viper under the Services and Secondment Agreement and further align their interests with those of Viper’s stockholders, in March 2024, Viper’s board of directors granted performance-based restricted stock unit awards to Viper’s executive officers under the Viper LTIP that are subject to the satisfaction of certain Viper stockholder return performance conditions relative to Viper’s TSR performance peer group during the three-year performance period. For additional information regarding such performance-based awards under the Viper LTIP, see “Stock Ownership—Holdings of Officers and Directors” and related footnotes beginning on page 82.

Benefits and Perquisites

Consistent with our compensation philosophy, our compensation committee provides benefits to our executives that are substantially the same as those currently being offered to our other employees, including health insurance, life and disability insurance and a 401(k) plan.

Under our 401(k) Plan, all employees and officers are eligible to participate and may elect to defer a portion of their compensation up to the statutorily prescribed limit. Each pay period we make a matching contribution to each employee's deferral, not to exceed 10 percent of compensation. An employee's interests in his or her deferrals and our matching contributions are, in each case, 100% vested when contributed. The 401(k) Plan is intended to qualify under Section 401(a) of the Internal Revenue Code (Code). As such, matching contributions to the 401(k) Plan and earnings on those contributions are not taxable to the employee until distributed from the 401(k) Plan, and all timely made contributions are deductible by us for the year in which they are allocable.

The Company purchases a certain number of hours of flight time through a private charter aircraft company. These hours are made available for business use to our executive officers and employees in accordance with the Company's Aircraft Use Policy. The Company's Aircraft Use Policy does not permit employees, including executive officers, to use these hours for personal use. In limited occasions when a personal guest accompanies an employee on a business-related flight, the Company follows the Internal Revenue Service rules and, where required, will impute income to the employee based on applicable Standard Industry Fare Level rates.

The Company covers the cost of a comprehensive annual physical for its NEOs.

Clawback Policy

Effective October 2023, the Company updated its "clawback" policy to comply with Listing Standard 5608 adopted by Nasdaq to implement Rule 10D-1 under the Exchange Act. Under the clawback policy, the Company will recoup any excess incentive-based compensation earned by an executive officer (including each of our NEOs), on or after October 2, 2023 and during a three fiscal year lookback period, in the event of a financial restatement if a lesser amount of incentive-based compensation would have been earned had such incentive-based compensation been determined based on the restated results. For purposes of the clawback policy, incentive-based compensation includes any compensation granted, earned or vested based in whole or in part on the Company's attainment of a financial reporting measure, and includes our 2023 Annual Incentive Plan awards and 2021 through 2023 PSU awards.

Anti-Hedging and Anti-Pledging Policies

We have a policy prohibiting directors, executive officers and certain other designated employees from speculative trading in our securities, including hedging transactions, short selling, and trading in put options, call options, swaps or collars. In addition, we prohibit our directors and executive officers from holding our common stock in a margin account. To our knowledge, all such individuals are in compliance with the policy. Our policy is to also prohibit all other employees from engaging in hedging activities in our stock. We also have a policy prohibiting our directors, executive officers and certain other designated employees from pledging our securities as collateral for a loan.

Stock Ownership and Retention Guidelines for Non-Employee Directors and Executive Officers

The compensation committee has adopted stock ownership and retention guidelines for our non-employee directors and executive officers who are classified as Vice President and above. These guidelines were adopted to encourage our non-employee directors and executives to have a meaningful stake in the Company, which encourages a focus on our long-term success, aligns directors' and executives' interests with the interests of our stockholders and further promotes our commitment to sound corporate governance.

Under the stock ownership and retention guidelines, each of our non-employee directors must own an amount of our common stock equal in value to a multiple of the base annual retainer and our executive officers must own an amount of our common stock equal in value to a multiple of his or her annual base salary, as set forth in the table below.

Position	Multiple of Base Annual Retainer/Annual Base Salary Required
Non-Employee Directors	5x
Chief Executive Officer	6x
President	4x
Executive Vice Presidents	3x
Senior Vice Presidents and Vice Presidents	2x

As of December 31, 2023, the table below provides the minimum value of stock that each of our NEOs who currently serve as our executive officers must retain under our stock ownership and retention guidelines.

	2023 Base Salary	Multiple of Annual Base Salary Required	Minimum Value of Stock Required to Retain
Travis D. Stice	\$ 1,350,000	6x	\$ 8,100,000
M. Kaes Van't Hof	\$ 650,000	4x	\$ 2,600,000
Teresa L. Dick	\$ 500,000	3x	\$ 1,500,000
Daniel N. Wesson	\$ 600,000	3x	\$ 1,800,000
Matt Zmigrosky	\$ 600,000	3x	\$ 1,800,000

The compensation committee reviews compliance with the stock ownership and retention guidelines on an annual basis. As of December 31, 2023, all NEOs were in compliance with the stock ownership and retention guidelines.

Any participant who acquires shares of our common stock via the exercise of options or the vesting of restricted stock that is granted after the effective date of the guidelines, must retain 50% of the net shares acquired until the earlier of (i) the date such participant is determined to be in full compliance with the guidelines and (ii) the date such individual ceases to be a participant subject to the guidelines. Once the ownership requirement is met, the participant must continue to maintain the value amount in accordance with the guidelines.

Any participant subject to the guidelines who is not in compliance with the applicable guideline (subject to any compliance transition period) may be required to retain up to 100% of the net shares of our common stock acquired via the exercise of options or the vesting of restricted awards granted under our equity incentive programs until the applicable guideline has been met.

Participants generally are given a five-year transition period to come into full compliance with the guidelines. Participants are expected to make steady progress towards meeting the ownership levels specified in the guidelines with any stock awards or stock purchases made on or after the effective date of the guidelines. If an individual becomes subject to a greater ownership amount, due to a promotion, an increase in base salary or an increase in the base retainer, as applicable, the individual is expected to meet the higher ownership amount by the latest to occur of (i) the end of the original period; (ii) three years from the effective date of the promotion, increase in base salary or increase in base retainer, as applicable; and (iii) such date as may be specified by the compensation committee. The compensation committee will evaluate whether exceptions should be made for any participant who, due to his or her unique financial circumstances, would incur a hardship by complying with the guidelines.

"Net shares" means the net number of shares received by the executive upon settlement after taking into account the sale or withholding of shares to pay any applicable taxes and/or option exercise price.

In addition to shares held outright, shares held directly or indirectly in trust, shares held by immediate family members residing in the same household, shares held in qualified plans (e.g., in a 401(k) plan), vested shares held in non-qualified plans, and unvested restricted stock subject to time-based (but not performance-based) vesting are all counted toward satisfaction of the ownership requirement. Restricted stock units that have vested, but not yet settled, shall be included as long as they do not remain subject to achievement of any performance goals. Stock options (whether vested or unvested) and unvested performance-based awards are not counted as shares owned for the purpose of calculating stock ownership under the guidelines.

Annual Incentive Plan

In February 2021, the compensation committee of our board of directors adopted the Executive Annual Incentive Compensation Plan (Annual Incentive Plan), replacing our prior 2014 Executive Annual Incentive Compensation Plan. The purpose of the Annual Incentive Plan is to provide an incentive to our executive officers and other selected employees to contribute to the growth, profitability and increased value of the Company. The Annual Incentive Plan is designed to focus on achievement of annual objectives and goals, determined at the beginning of each calendar year. Participants may earn a pre-determined percentage of base salary for the achievement of specified goals (performance targets). The payout opportunity varies for performance above and below the pre-established target performance levels. Performance factors for each award under the Annual Incentive Plan include criteria and objectives determined by the plan administrator used to measure the performance targets during the applicable performance period as a condition to the participant's receipt of payment with respect to an award.

All payments in respect of awards granted under the Annual Incentive Plan are made in cash, paid within a reasonable period after the end of the performance period and designed not to be deferred compensation within the meaning of Section 409 of the Internal Revenue Code (Code).

Unless otherwise provided by the compensation committee in connection with a specific termination of employment, if the employment of an NEO or other participant terminates for any reason prior to the payment of any award for any reason other than death or disability, no award will be payable to such participant for that performance period.

In the event of a change in control, as such term is defined in the Annual Incentive Plan, each NEO or other participant will be paid the target award amount (the mid-point of any specified range of potential award payment amounts or performance targets), based on the assumption that the performance target was attained at the target level for the entire performance period, payable within a specified period following the consummation of the change in control transaction.

Equity Incentive Plan

On April 6, 2021, our board of directors unanimously adopted, subject to stockholder approval, our 2021 Amended and Restated Equity Incentive Plan, amending and restating our 2019 Amended and Restated Equity Incentive Plan. On June 3, 2021, our stockholders approved the 2021 Amended and Restated Equity Incentive Plan. Effective February 11, 2024, the 2021 Amended and Restated Equity Incentive Plan was further revised pursuant to certain clarifying amendments effective February 11, 2024. The 2021 Amended and Restated Equity Incentive Plan, as amended and restated as of the date hereof is referred to as the Equity Incentive Plan.

The Equity Incentive Plan became effective as of April 6, 2021, the date adopted by the compensation committee of our board of directors, and will remain in effect until April 6, 2031, unless otherwise terminated earlier by the board of directors.

The compensation committee may grant awards under the Equity Incentive Plan, which may include restricted awards, performance awards, stock options and stock appreciation rights, to employees, consultants and directors of our Company and its affiliates; however, incentive stock options may be granted only to employees of our Company and its subsidiary corporations. Consultants do not receive awards pursuant to our current equity compensation program.

In the event of certain corporate events or changes in our common stock, the compensation committee will proportionally adjust awards, the number and class of shares available under the Equity Incentive Plan and the maximum number of shares that may be granted under awards to any participant in a calendar year as it determines to be appropriate.

In the event of a change in control transaction or other corporate transaction such as a dissolution or liquidation of our Company, or any corporate separation or division, the Equity Incentive Plan provides that all outstanding awards under the Equity Incentive Plan may be assumed, continued or substituted for by any surviving or acquiring entity (or its parent company), or may be cancelled either with or without consideration for the vested portion of the awards, all as determined by the compensation committee. If an award would be cancelled without payment of consideration to the extent vested, the participant may exercise the award in full or in part for a period of ten days.

Awards granted under the Equity Incentive Plan are subject to the Company's clawback policy, compliant with the Nasdaq listing standards and Rule 10D-1 under the Exchange Act, which allows us to recoup paid incentive compensation from current and former executive officers in certain instances.

Effect of Our Compensation Policies and Practices on Risk and Risk Management

The compensation committee reviews the risks and rewards associated with our compensation policies and programs. We believe that such policies and programs encourage and reward prudent business judgment and avoid encouraging excessive risk-taking over the long-term. With respect to specific elements of compensation:

- We believe that our programs balance short- and long-term incentives for our executive officers providing for an appropriate mix of fixed, discretionary and equity compensation that overall encourages long-term performance.
- We believe that annual base salaries for our NEOs do not encourage excessive risk-taking as they are fixed amounts that are subject to discretionary increases by our compensation committee, based, among other factors, on annual performance evaluations. We also believe that such annual base salaries are set at reasonable levels, as compared to the base salaries of similarly situated individuals at our compensation peer group companies. The base salary represents a portion of our NEOs' overall compensation potential and is balanced by the other elements of their overall compensation potential, which are tied to both performance and long-term service.
- Our annual incentive bonuses are designed to award achievement of short-term performance-driven results. The payment and amounts of the 2023 annual incentive bonuses were based, in part, upon meeting of certain performance criteria and targets established by the compensation committee for 2023, as disclosed in more detail above. We believe the performance criteria and applicable targets were set at meaningful levels and do not encourage excessive risk taking. We also believe that performance criteria and targets established by the compensation committee for 2024 were similarly designed to encourage performance, but not excessive risk taking.

- Restricted stock units granted to our NEOs are subject to performance-based and time-based provisions. We award restricted stock units to promote performance and ensure that our executives have a continuing stake in the long-term success of the Company as the value of the award will depend on the stock price at and after the time of vesting. We believe that a mixture of performance-based and time-based equity awards represent a balanced approach to long-term equity compensation and do not encourage excessive risk taking that may be associated with the compensation approach focused solely on equity awards that vest strictly based on achieving certain targets. We also believe that the weight given by our compensation committee to performance-based equity awards, as compared to time-based equity awards, provide incentive to our NEOs to take appropriate amount of risk to drive the Company's performance and enhance stockholder value.
- Our NEOs are entitled to certain benefits that are payable upon the occurrence of their termination without "cause," resignation for "good reason" or certain change in control transactions. See "Potential Payments upon Termination, Resignation or Change of Control for Fiscal Year 2023" and "Other Significant Compensation and Benefit Plans, Policies and Practices—Senior Management Severance Plan" for more information.

Based on the foregoing, the compensation committee believes that the Company does not utilize compensation policies and programs creating risks that are reasonably likely to have a material adverse impact on the Company.

— COMPENSATION COMMITTEE REPORT

The compensation committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on its review and discussion with management, the compensation committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

Dividend equivalent rights were factored into the grant date fair value amounts reported in the above table. See Note 10 to our consolidated financial statements for the fiscal year ended December 31, 2023, included in our Annual Report on Form 10-K, filed with the SEC on February 22, 2024, regarding assumptions underlying valuations of equity awards for 2023, 2022 and 2021. Details regarding equity awards that were outstanding at December 31, 2023 can be found in the tables entitled "Outstanding Equity Awards at Fiscal 2023 Year-End under Diamondback's Equity Incentive Plan," and "Outstanding Equity Awards under the Viper LTIP at Fiscal 2023 Year-End."

(2) Represents the grant date fair value (calculated as discussed in Note 1 above) of the performance-based restricted stock units for each NEO granted under Diamondback's Equity Incentive Plan for the applicable performance period, subject to the Company's attainment of certain pre-established performance targets and the NEO's continuous employment. The Company utilized a Monte Carlo simulation to value the performance-based restricted stock units granted in 2023 based on the probable performance outcome for the target amount of units on the grant date, consistent with the estimate of aggregate compensation cost to be recognized over the service period. Actual payouts for the performance-based restricted stock units granted in 2023 can range from zero percent up to a maximum equal to 250% of the target number of performance-based restricted stock units granted. If the maximum number of performance-based restricted stock units and the Company's share price of \$144.62 on the grant date is used to determine the value of the performance restricted stock awards granted in 2023 rather than the probable number of shares, the maximum performance-based award values would be \$14,646,101 for Mr. Stice, \$6,586,718 for Mr. Van't Hof, \$3,332,045 for Ms. Dick, \$4,804,710 for Mr. Wesson, and \$3,874,804 for Mr. Zmigrosky.

(3) The aggregate grant date fair values for 2023, 2022 and 2021 for each NEO are attributable to the time-based restricted stock units granted to such NEO under Diamondback's Equity Incentive Plan on March 1, 2023, March 1, 2022 and March 1, 2021, respectively, in each case vesting in three substantially equal annual installments beginning on the date of grant.

(4) The amounts shown reflect performance-based annual incentive bonuses granted under the Annual Incentive Plan.

(5) The following provides a detailed breakdown of the amounts for 2023 under "All Other Compensation" in the Summary Compensation Table:

Name	Contributions to 401(k) Plan (\$)	Life and Medical Insurance Premiums (\$)	Executive Physical Reimbursement (\$) ⁽⁷⁾	Total (\$)
Mr. Stice	33,000	5,064	4,943	43,007
Mr. Van't Hof	33,000	1,986	4,943	39,929
Ms. Dick	33,000	2,742	4,943	40,685
Mr. Wesson	33,000	1,986	4,943	39,929
Mr. Zmigrosky	33,000	2,310	4,943	40,253

(6) Certain of our NEOs also performed services as executive officers and/or directors of Viper, our publicly traded subsidiary, as set forth in more detail in their respective biographies above, and their time was allocated between managing our business and managing the business of Viper. During 2023, 2022 and 2021, no specific allocations were made by Viper for our executive officers' services to Viper.

(7) In addition to the health and wellness benefits generally available to all employees, executive officers are eligible to participate in a supplemental annual physical program, the cost of which is reimbursed by the Company. The amounts reflected in this column represent the average cost of the supplemental annual physical program to the Company. Due to confidentiality requirements, we do not disclose the actual use of this program by the individual NEOs.

(1) Reflects performance-based annual incentive cash bonuses granted under the Annual Incentive Plan for 2023. No non-equity incentive plan awards are paid under the Annual Incentive Plan for performance below the pre-determined thresholds.

(2) For each NEO, these amounts represent the performance-based restricted stock units granted under the Equity Incentive Plan, which awards are subject to the satisfaction of certain relative TSR performance conditions compared to the Company's TSR performance peer group for the three-year performance period commencing on January 1, 2023 and ending on December 31, 2025, as certified by the compensation committee, and continuous service requirements. The number of restricted stock units that will vest is based on the achievement of a pre-established threshold, target or maximum relative TSR goal, as compared to the Company's peers, as modified by the absolute TSR modifier. The TSR is calculated over the performance period by dividing (1) the sum of (a) the cumulative value of dividends received during the performance period, assuming reinvestment, plus (b) the difference between the average stock price for the month of December 2025 compared to the average stock price for the month of December 2022; by (2) the average stock price for the month of December 2022. No awards vest if the relative TSR for the applicable performance period is below the threshold percentile. The absolute TSR modifier reduces payouts upon negative performance period TSR, pays at target upon achieving a performance period annual TSR of zero to 15%, and increases payouts upon achieving a performance period annual TSR of greater than 15%.

(3) Represents the time-based restricted stock units granted to each NEO under the Equity Incentive Plan on March 1, 2023, vesting in three equal annual installments beginning on the date of grant. All of these awards are subject to continuous service requirements.

(4) The amounts shown reflect the grant date fair value of restricted stock units granted, determined in accordance with FASB ASC Topic 718. See Note 10 to our consolidated financial statements for the fiscal year ended December 31, 2023, included in our Annual Report on Form 10-K, filed with the SEC on February 22, 2024, regarding assumptions underlying valuations of equity awards for 2023.

(1) Market value of shares or units that have not vested is based on the closing price of \$155.08 per share of our common stock on the Nasdaq Global Select Market on December 29, 2023, which was the last trading day of 2023.

(2) The 9,227 restricted stock units vested on March 1, 2024 and, of the 18,004 restricted stock units, 9,002 vested on March 1, 2024 and the remaining 9,002 will vest on March 1, 2025.

- (3) Reflects the maximum number of performance-based restricted stock units granted. These performance-based restricted stock units were granted under the Equity Incentive Plan subject to the satisfaction of certain relative TSR performance conditions as compared to our TSR performance peer group for the performance period commencing on January 1, 2021 and ending on December 31, 2023. All of these performance-based restricted stock units vested as of December 31, 2023 at 250% of target upon certification by the compensation committee of attainment of the applicable performance conditions and settlement of these units on February 16, 2024.
- (4) Reflects the maximum number of performance-based restricted stock units granted. These performance-based restricted stock units were granted under the Equity Incentive Plan subject to the satisfaction of certain relative TSR performance conditions as compared to our TSR performance peer group for the performance period commencing on January 1, 2022 and ending on December 31, 2024, as certified by the compensation committee, and continuous service requirements. The number of restricted stock units that will vest is based on the achievement of a pre-established threshold, target or maximum relative TSR goal, as compared to the Company's peers, as modified by the absolute TSR modifier. The TSR is calculated over the performance period by dividing (1) the sum of (a) the cumulative value of dividends received during the performance period, assuming reinvestment, plus (b) the difference between the average stock price for the five trading days ending with the last day of the performance period compared to the average stock price for the five trading days ending immediately prior to the beginning of the performance period; by (2) the average stock price for the five trading days ending immediately prior to the beginning of the performance period. No awards vest if the relative TSR for the applicable performance period is below the threshold percentile. The absolute TSR modifier reduces payouts upon negative performance period TSR, pays at target upon achieving a performance period annual TSR of zero to 15%, and increases payouts upon achieving a performance period annual TSR of greater than 15%.
- (5) Reflects the maximum number of performance-based restricted stock units granted. These performance-based restricted stock units were granted under the Equity Incentive Plan subject to the satisfaction of certain relative TSR performance conditions as compared to our TSR performance peer group for the performance period commencing on January 1, 2023 and ending on December 31, 2025, as certified by the compensation committee, and continuous service requirements. The number of restricted stock units that will vest is based on the achievement of a pre-established threshold, target or maximum relative TSR goal, as compared to the Company's peers, as modified by the absolute TSR modifier. The TSR is calculated over the performance period by dividing (1) the sum of (a) the cumulative value of dividends received during the performance period, assuming reinvestment, plus (b) the difference between the average stock price for the month of December 2025 compared to the average stock price for the month of December 2022; by (2) the average stock price for the month of December 2022. No awards vest if the relative TSR for the applicable performance period is below the threshold percentile. The absolute TSR modifier reduces payouts upon negative performance period TSR, pays at target upon achieving a performance period annual TSR of zero to 15%, and increases payouts upon achieving a performance period annual TSR of greater than 15%.
- (6) The 3,845 restricted stock units vested on March 1, 2024 and, of the 8,096 restricted stock units, 4,048 vested on March 1, 2024 and the remaining 4,048 will vest on March 1, 2025.
- (7) These time-based restricted stock units were granted to Mr. Van't Hof on March 1, 2019 under the Equity Incentive Plan as part of a one-time retention award and will vest in five substantially equal annual installments beginning on March 1, 2025.
- (8) Reflects the actual number of performance-based restricted stock units granted. These performance-based restricted stock units were granted to Mr. Van't Hof under the Equity Incentive Plan as part of a one-time retention award subject to the satisfaction of certain relative TSR conditions as compared to our TSR performance peer group for the performance period commencing on January 1, 2019 and ending on December 31, 2021, as certified by the compensation committee, and continuous service requirements, vesting and settling in five substantially equal annual installments beginning on March 1, 2025. Upon the satisfaction of the performance criteria, all of these performance-based restricted stock units were converted to time-based restricted stock units as of December 31, 2021 with the number of shares determined based on achieving 100% of target upon certification by the compensation committee of attainment of the applicable performance conditions on February 21, 2022.
- (9) The 2,050 restricted stock units vested on March 1, 2024 and, of the 4,096 restricted stock units 2,048 vested on March 1, 2024 and the remaining 2,048 will vest on March 1, 2025.
- (10) The 2,307 restricted stock units vested on March 1, 2024 and, of the 5,906 restricted stock units, 2,953 vested on March 1, 2024 and the remaining 2,953 will vest on March 1, 2025.
- (11) These time-based restricted stock units were granted to Mr. Wesson on March 1, 2019 under the Equity Incentive Plan as part of a one-time retention award and will vest in five substantially equal annual installments beginning on March 1, 2025.
- (12) Reflects the actual number of performance-based restricted stock units granted. These performance-based restricted stock units were granted to Mr. Wesson under the Equity Incentive Plan as part of a one-time retention award subject to the satisfaction of certain relative TSR conditions as compared to our TSR performance peer group for the performance period commencing on January 1, 2019 and ending on December 31, 2021, as certified by the compensation committee, and continuous service requirements, vesting and settling in five substantially equal annual installments beginning on March 1, 2025. Upon the satisfaction of performance criteria, all of these performance-based restricted stock units were converted to time-based restricted stock units as of December 31, 2021 with the number of shares determined based on achieving 100% of target upon certification by the compensation committee of attainment of the applicable performance conditions on February 21, 2022.
- (13) The 2,050 restricted stock units vested on March 1, 2024 and, of the 4,762 restricted stock units, 2,381 vested on March 1, 2024 and the remaining 2,381 will vest on March 1, 2025.
- (14) These time-based restricted stock units were granted to Messrs. Stice, Van't Hof, Wesson, Zmigrosky and Ms. Dick on August 24, 2022 upon the conversion of the previously-granted Rattler phantom units in connection with the Rattler Merger and will vest in one remaining installment on May 28, 2024, subject to continuous service requirements.

— OUTSTANDING EQUITY AWARDS UNDER THE VIPER LTIP AT FISCAL 2023 YEAR-END

No equity awards under the Viper LTIP were outstanding for any of our NEOs at December 31, 2023.

— STOCK VESTED DURING FISCAL YEAR 2023 UNDER DIAMONDBACK'S EQUITY INCENTIVE PLAN

The following table provides certain information for the NEOs with respect to the number of shares acquired upon the vesting of restricted stock awards under Diamondback's Equity Incentive Plan during 2023:

Name	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$) ⁽¹⁾
Travis D. Stice	96,357	\$ 13,521,096
M. Kaes Van't Hof	69,648	\$ 9,543,416
Teresa L. Dick	25,919	\$ 3,631,303
Daniel N. Wesson	27,114	\$ 3,749,754
Matt Zmigrosky	21,373	\$ 2,999,658

(1) Value realized on vesting is based on the closing price per share of our common stock on the day prior to the vesting date on the Nasdaq Global Select Market. If the Nasdaq Global Select Market was closed on the day prior to the vesting date, the calculation was made using the opening price on the next day on which the market was open.

— RESTRICTED STOCK UNITS VESTED UNDER THE VIPER LTIP DURING FISCAL YEAR 2023

No restricted stock units (or phantom units prior to the Conversion) vested for our NEOs under the Viper LTIP during the year ended December 31, 2023.

— POTENTIAL PAYMENTS UPON TERMINATION, RESIGNATION OR CHANGE OF CONTROL FOR FISCAL YEAR 2023

The following tables provide information regarding potential payments to each of our NEOs in connection with certain termination events, including a termination related to a change of control of the Company, as of December 31, 2023 under the terms of the Diamondback Energy, Inc. Senior Management Severance Plan. These severance plan arrangements with our NEOs are described in more detail under “Other Significant Compensation and Benefit Plans, Policies and Practices—Senior Management Severance Plan” above.

- (1) The payment of any amounts or provision of any benefits to each NEO under the severance plan is subject to (i) such NEO's (or, if applicable, his or her representative's or estate's) execution, within 45 days following receipt (or such shorter period as set forth in such release), of a waiver and general release of claims, and such waiver and general release of claims becoming effective and irrevocable in accordance with its terms within 60 days following such NEO's termination date and (ii) ongoing compliance with certain non-competition and non-solicitation obligations.
- (2) Represents the amounts payable to each NEO under the severance plan and the applicable NEO participation agreement, under which, in the event we terminate such NEO's employment with us other than for "cause" (and not by reason of death or disability), or if such NEO terminates his or her employment with us for "good reason," he or she will be entitled to receive (i) an amount, if any, equal to the bonus that would be payable for services attributable to a completed prior year performance period that has not been paid under the terms of the Annual Incentive Plan, (ii) a multiple of base salary continuation (2x for 24 months for Mr. Stice, 1x for 21 months for Mr. Van't Hof and 1x for 18 months for each other NEO), (iii) a target annual cash bonus for the year of termination (pro-rated, if applicable based on the number of days employed during the year of termination), (iv) reimbursement for the cost of up to 18 months of premiums for COBRA group health continuation coverage and (v) the vesting or forfeiture (as applicable) of each outstanding unvested equity-based compensation award granted by us or our affiliates in accordance with the terms of the applicable equity award agreement.
- (3) The value of restricted stock units was calculated based on the closing price of our common stock of \$155.08 per share on December 29, 2023, which is the last trading day of 2023.
- (4) Represents an amount equal to the base salary continuation of 2x for 24 months for Mr. Stice.
- (5) Represents an amount equal to the base salary continuation of 1x for 21 months for Mr. Van't Hof.
- (6) Represents an amount equal to the base salary continuation of 1x for 18 months for each of Ms. Dick, Mr. Wesson and Mr. Zmigrosky.
- (7) Represents an amount equal to the target bonus under the Annual Incentive Plan for Mr. Stice, representing 125% of his annual base salary.
- (8) Represents an amount equal to the target bonus under the Annual Incentive Plan for each of these NEOs, representing (i) 100% of the annual base salary for Mr. Van't Hof, (ii) 90% of the annual base salary for Mr. Wesson, and (iii) 80% of the applicable annual base salary for each of Ms. Dick and Mr. Zmigrosky.
- (9) Represents reimbursement for the cost of up to 18 months of premiums for COBRA group health continuation coverage.
- (10) Mr. Stice's participation agreement includes terms that are intended to maintain certain benefits under his prior employment agreement and require each equity award granted to Mr. Stice to become 100% vested upon an eligible termination, and in the case of outstanding performance-based equity awards to vest at the maximum level under the equity award agreement and be settled within ten business days.
- (11) The restricted stock units granted under Diamondback's Equity Incentive Plan to each of Mr. Van't Hof, Ms. Dick, Mr. Wesson and Mr. Zmigrosky that remained unvested as of December 31, 2023 have double-trigger provisions and will vest upon (i) qualifying termination without cause within 24 months of the occurrence of the change in control of the Company or (ii) upon such executive officer's death or disability.
- (12) Represents the amounts payable to each NEO under the severance plan and the applicable NEO participation agreement, under which, in the event that the employment of an NEO is terminated by us other than for "cause" (and not by reason of death or disability), or if such NEO terminates his or her employment with us for "good reason," in each case within the two-year period immediately following a change in control (as defined in the severance plan), he or she will be entitled to receive (i) an amount, if any, equal to the bonus that would be payable for services attributable to a completed prior year performance period that has not been paid under the terms of the Annual Incentive Plan, (ii) a lump sum cash payment equal to a multiple of the participant's base salary plus such participant's average bonus for the preceding three years (3x for Mr. Stice, 2.75x for Mr. Van't Hof and 2.5x for each other NEO), (iii) a target annual cash bonus for the year of termination (pro-rated, if applicable based on the number of days employed during the year of termination), (iv) reimbursements for the cost of up to 18 months of premiums for COBRA group health continuation coverage and (v) the vesting or forfeiture (as applicable) of each outstanding unvested equity-based compensation award granted by us or our affiliates in accordance with the terms of the applicable equity award agreement.
- (13) Represents a lump sum cash payment equal to 3x Mr. Stice's base salary plus Mr. Stice's average bonus for the preceding three years ended December 31, 2022 and a target annual cash bonus for the year of termination.
- (14) Represents a lump sum cash payment equal to 2.75x Mr. Van't Hof's base salary plus Mr. Van't Hof's average bonus for the preceding three years ended December 31, 2022 and a target annual cash bonus for the year of termination.
- (15) For each of Ms. Dick, Mr. Wesson and Mr. Zmigrosky, represents a lump sum cash payment equal to 2.5x such NEO's base salary plus such NEO's average bonus for the preceding three years ended December 31, 2023 and a target annual cash bonus for the year of termination.
- (16) In the event that an NEO dies or becomes disabled while employed by us, such NEO will be entitled to (i) an amount, if any, equal to the bonus that would be payable for services attributable to a completed prior year performance period that has not been paid under the terms of the Annual Incentive Plan, (ii) a multiple of base salary continuation (2x for 24 months for Mr. Stice, 1x for 21 months for Mr. Van't Hof and 1x for 18 months of each other NEO) and (iii) a target annual cash bonus for the year of termination (pro-rated, if applicable based on the number of days employed during the year of termination).
- (17) Represents reimbursements for the cost of up to 18 months of premiums for COBRA group health continuation coverage to Mr. Stice's spouse and any eligible dependents, as provided by the terms of Mr. Stice's participation agreement under the severance plan.
- (18) Under the terms of the applicable award agreement, upon such NEO's death or disability the number of performance-based restricted stock units the officer is entitled to is not determined until the end of the performance period and is settled at the same time it would have had the officer remained employed. For purposes of calculating the number of performance-based restricted stock units that such NEO would be entitled to upon his or her death or disability, the Company assumed that the performance conditions were satisfied at target.

— PAY RATIO DISCLOSURE

Pursuant to Item 402(u) of Regulation S-K, we are disclosing the pay ratio and supporting information comparing the median of the annual total compensation of our employees (including full-time, part-time, seasonal and temporary employees) other than Mr. Stice, our Chief Executive Officer, and the annual total compensation of our Chief Executive Officer. The pay ratio is calculated in a manner consistent with Item 402(u) of Regulation S-K. For the year ended December 31, 2023, our last completed fiscal year:

- The median of the annual total compensation of all of our employees, other than our Chief Executive Officer, is \$167,164.
- The annual total compensation of our Chief Executive Officer is \$17,583,386.
- The ratio of the annual total compensation of our Chief Executive Officer to the median of the annual total compensation of all other employees is 105 to 1.

To identify the median employee for 2023 (the 2023 Median Employee), we reviewed our employee population as of December 31, 2023. For 2023, we used wages reported in Box 1 of IRS Form W-2 during the 12-month period ending on December 31, 2023, as a consistently applied compensation measure. We did not annualize the wages for new employees or employees on unpaid leave of absence who were employed for less than the full fiscal year, or make cost of living adjustments. Based on this methodology, we identified an employee whose compensation was at the median of the employee data.

Once we identified the 2023 Median Employee, we calculated the annual total compensation using the rules applicable to the Summary Compensation Table. With respect to the annual total compensation of our Chief Executive Officer we used the amount reported in the "Total" column for 2023 in the Summary Compensation Table on page 62.

The pay ratio rules provide companies with flexibility to select the methodology and assumptions used to identify the median employee, calculate the median employee's compensation and estimate the pay ratio. As a result, our methodology may differ from those used by other companies, including those within our industry, and may not be comparable to pay ratios reported by other companies.

— PAY VERSUS PERFORMANCE DISCLOSURE

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(v) of Regulation S-K, we are providing the following information about the relationship between executive compensation actually paid to our CEO, who is referred to in the table below as our PEO, and our other named executive officers, who are referred to in the table below as our Non-PEO NEOs, and certain financial performance of the Company. For further information concerning Company's pay for performance philosophy and how the Company's aligns executive compensation with the Company's performance, refer to "Compensation Discussion and Analysis."

(a) The grant date fair value of equity awards represents the total of the amounts reported in the “Stock Awards” columns in the Summary Compensation Table for the applicable year.

(b) The equity award adjustments for each applicable year include the addition (or subtraction, as applicable) of the following: (i) the year-end fair value of any equity awards granted in the applicable year that are outstanding and unvested as of the end of the year; (ii) the amount of change as of the end of the applicable year (from the end of the prior fiscal year) in fair value of any awards granted in prior years that are outstanding and unvested as of the end of the applicable year; (iii) for awards that are granted and vest in the same applicable year, the fair value as of the vesting date; (iv) for awards granted in prior years that vest in the applicable year, the amount equal to the change as of the vesting date (from the end of the prior fiscal year) in fair value; (v) for awards granted in prior years that are determined to fail to meet the applicable vesting conditions during the applicable year, a deduction for the amount equal to the fair value at the end of the prior fiscal year; and (vi) the dollar value of any dividends or other earnings paid on stock or option awards in the applicable year prior to the vesting date that are not otherwise reflected in the fair value of such award or included in any other component of total compensation for the applicable year. The valuation assumptions used to calculate fair values did not materially differ from those disclosed at the time of grant. The amounts deducted or added in calculating the equity award adjustments are as follows:

Year	Year End Fair Value of Current Year Equity Awards that Remain Unvested at Year-End	Change in Fair Value of Equity Awards Granted in Prior Years that are Unvested at Year-End	Fair Value as of Vesting Date of Equity Awards Granted and Vested in the Year	Change in Fair Value of Equity Awards Granted in Prior Years that Vested in the Year	Fair Value at the End of the Prior Year of Equity Awards that Failed to Meet Vesting Conditions in the Year	Value of Dividends or other Earnings Paid on Stock or Option Awards not Otherwise Reflected in Fair Value	To Equity Award Adjustments

- (5) Cumulative TSR is calculated by dividing the sum of the cumulative amount of dividends for the four-year period included in this table, assuming dividend reinvestment, and the difference between the Company's share price at the end and the beginning of the measurement period by the Company's share price at the beginning of the measurement period.
- (6) Represents the weighted peer group TSR, weighted according to the respective companies' stock market capitalization at December 31, 2019. The peer group used for this purpose in 2023 consists of the following companies: APA Corporation, Coterra Energy, Inc., Devon Energy Corporation, EOG Resources, Inc., Hess Corporation, Marathon Oil Corporation, Ovintiv Inc. and Pioneer Natural Resources Company. The peer group used for this purpose in 2022 consisted of the following companies: APA Corporation, Continental Resources, Inc., Coterra Energy, Inc., Devon Energy Corporation, EOG Resources, Inc., Hess Corporation, Marathon Oil Corporation, Ovintiv Inc. and Pioneer Natural Resources Company. Continental Resources, Inc. was removed from the 2023 peer group due to its conversion from a publicly traded company to a privately held company in November 2022. After the removal of Continental Resources, Inc., the 2022 peer group and the 2023 peer group are made up of the same companies.
- (7) The dollar amounts reported represent the amount of net income reflected in the Company's audited financial statements for the applicable year.
- (8) ROACE (%) is a non-GAAP financial measure. See Schedule A for the definition of this non-GAAP financial measure and its reconciliation to the most directly comparable GAAP measure, and for other important financial information.

Financial Performance Measure

As described in greater detail in "Compensation – Compensation Discussion and Analysis," the Company's executive compensation program reflects a variable pay-for-performance philosophy. The metrics that the Company uses for both our long-term and short-term incentive awards are selected based on an objective of incentivizing our NEOs to increase the value of our enterprise for our stockholders. The most important financial performance measures used by the Company to link executive compensation actually paid to the Company's NEOs, for the most recently completed fiscal year, to the Company's performance are as follows:

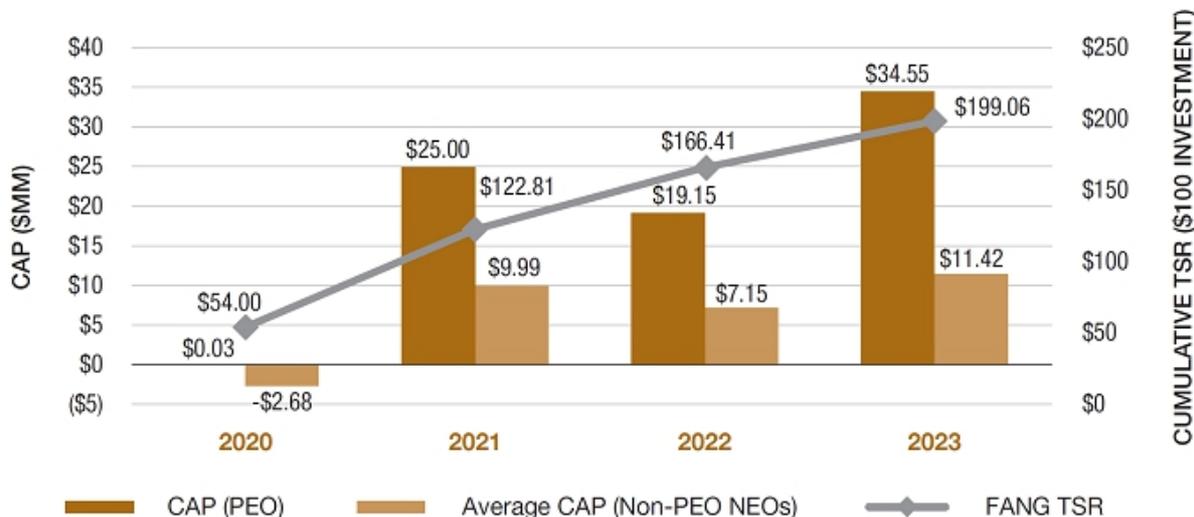

- ROACE
- Free Cash Flow (as defined and reconciled in Schedule A to this proxy statement)
- PDP F&D Cost (as defined in "Compensation Discussion and Analysis – Performance-Based Annual Incentive Bonus" above)
- Relative Total Stockholder Return (as modified by an absolute TSR modifier) (as discussed in "Compensation Discussion and Analysis—Long-Term Equity Incentive Compensation—2023 Performance-Based and Time-Based Awards")

Analysis of the Information Presented in the Pay Versus Performance Table

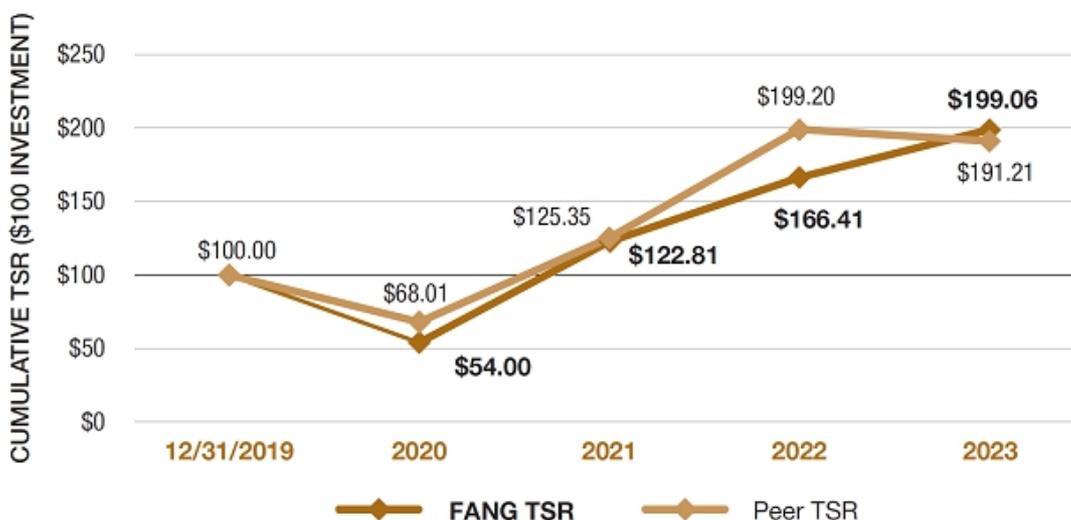

As described in more detail in the section “Compensation Discussion and Analysis,” the Company’s executive compensation program reflects a variable pay-for-performance philosophy. While the Company utilizes several performance measures to align executive compensation with Company performance, not all of those Company measures are presented in the Pay versus Performance table consistent with SEC rules. Moreover, the Company generally seeks to incentivize long-term performance, and therefore does not specifically align the Company’s performance measures with compensation that is actually paid (as computed in accordance with SEC rules) for a particular year. In accordance with SEC rules, the Company is providing the following descriptions of the relationships between information presented in the Pay versus Performance table.

Compensation Actually Paid, Cumulative TSR and Peer Group TSR

Equity compensation plans not approved by security holders ⁽³⁾	84,836	\$ —	8,492,212

(1) Refers to the Equity Incentive Plan and assumes that awards of restricted stock units will vest at maximum levels.

(2) The weighted average exercise price does not take into account restricted stock units because they have no exercise price.

(3) Refers to the restricted stock units of Viper (settled in Viper common stock), granted under the Viper LTIP that was approved by Viper's unitholders.

— 2023 DIRECTOR COMPENSATION

Our non-employee directors receive a combination of cash and equity compensation designed to attract and retain qualified candidates to serve on our board of directors. In setting non-employee director compensation, our board of directors considers the significant amount of time that directors spend in fulfilling their duties to the Company and our stockholders as well as the skill level required by our non-employee directors. The compensation committee is responsible for determining the type and amount of compensation for our non-employee directors. The compensation committee engaged Meridian, as its independent compensation consultant, to assist in the annual review of non-employee director compensation with a view to provide a pay program that compensates non-employee directors near the median of our peers by providing benchmark compensation data and recommendations for non-employee director compensation program design. Employee directors are not separately compensated for their service on the Board. The 2023 non-employee director compensation program was modified effective April 1, 2023 to increase the annual director cash retainer from \$80,000 per year to \$90,000 per year and to include an annual cash retainer of \$25,000 per year for the Lead Independent Director.

Director Compensation

The table below describes the non-employee director compensation program for 2023. The annual retainer for the former chairman of the board, and the director, committee chair and committee member retainers are payable quarterly in advance to each non-employee director. Under our director compensation program, our non-employee directors may annually elect to defer payment of up to 100% of his or her annual grant of restricted stock units and any related dividend equivalent rights until separation from service as a non-employee director of the Company. A deferral election may be made on a form provided by the compensation committee during the election period established by the compensation committee, which shall end no later than December 31 of the calendar year prior to the award date. Our non-employee directors are also reimbursed for customary expenses incurred while attending meetings of the Board and its committees.

Type of Fee	Amount (\$)
Annual Director Retainer	90,000
Annual Retainer for the Former Chairman of the Board ⁽¹⁾	110,000
Annual Lead Independent Director Retainer	25,000
Annual Audit Committee Chair Retainer	20,000
Annual Audit Committee Member Retainer	10,000
Annual Other Committee Chair Retainer	15,000
Annual Other Committee Member Retainer	5,000
Annual Restricted Stock Unit Award ⁽²⁾	200,000

- (1) Effective April 1, 2023, Mr. West, as former Chairman of the Board, received an additional annual retainer of \$110,000, to be paid quarterly, as compensation for providing support and guidance to Mr. Stice and to facilitate the Company's succession plans. Mr. Stice will not receive the Annual Director Retainer or the Annual Restricted Stock Unit Award. As an employee director, Mr. Stice does not serve on any of the Board committees.
- (2) During 2023, we provided our non-employee directors with equity compensation under our equity incentive plan valued at \$200,000. The number of restricted stock units awarded to each non-employee director in 2023 equaled \$200,000 divided by \$130.98 (the average closing price of a share of our common stock for the five trading days immediately preceding the date of grant). The annual grant of restricted stock units is generally made to our non-employee directors at the close of business on the date of each annual meeting of our stockholders. On June 8, 2023, each non-employee director was granted 1,527 restricted stock units which will vest on the earlier of June 8, 2024 and the date of the 2024 annual meeting of stockholders.

The following table contains information with respect to 2023 compensation of our non-employee directors who served in such capacity during that year, except that the 2023 compensation of Mr. Stice, our Chairman of the Board and Chief Executive Officer, is disclosed in the Summary Compensation Table above.

Name	Fees Earned or Paid in Cash (\$) ⁽¹⁾	Stock Awards (\$) ⁽²⁾	Total (\$)

Steven E. West ⁽³⁾⁽⁴⁾	\$ 200,000	\$ 203,610	\$ 403,610

- (1) Of these amounts, \$27,500, \$26,250, \$26,250, \$21,250, \$26,250, \$28,750, \$28,750, \$21,250 and \$50,000 were payments made in December 2022 to General Brooks, Mr. Cross, Mr. Houston, Ms. Klein, Ms. Mains, Mr. Plaumann, Ms. Trent, Mr. Tsuru and Mr. West, respectively, for services to be performed in the first quarter of 2023. Excluded from these amounts were payments of \$30,000, \$28,750, \$23,750, \$28,750, \$31,250, \$37,500, \$23,750 and \$50,000 made in December 2023 to General Brooks, Mr. Houston, Ms. Klein, Ms. Mains, Mr. Plaumann, Ms. Trent, Mr. Tsuru and Mr. West, respectively, for services to be performed in the first quarter of 2024.
- (2) The amounts shown reflect the grant date fair value of restricted stock units granted, determined in accordance with FASB ASC Topic 718. See Note 10 to our consolidated financial statements for the fiscal year ended December 31, 2023, included in our Annual Report on Form 10-K, filed with the SEC on February 22, 2024, regarding assumptions underlying valuations of equity awards for 2023. Each non-employee director was awarded 1,527 restricted stock units on June 8, 2023, which will vest on the earlier of the one-year anniversary of the date of grant and the date of the 2024 annual meeting of stockholders. Except for General Brooks and Mr. West, each of the other non-employee directors elected to defer the receipt of the vested restricted stock units granted in 2023 until separation from service as a non-employee director of the Company. No additional equity awards were received by our non-employee directors to date in 2024. Dividend equivalent rights are not reflected in the aggregate grant date fair value of the restricted stock unit awards.
- (3) Excludes the compensation awarded to Mr. West for his services as (i) a director and Chairman of the Board of Viper in 2023, which consisted of (a) \$60,000 in cash and (b) a grant of 3,863 phantom units on July 10, 2023 (which converted into the same number of restricted stock units in the Conversion completed by Viper on November 13, 2023), with the grant date fair value of \$97,618, and a vesting date of July 10, 2024.

Director Stock Ownership Guidelines

The compensation committee has adopted stock ownership and retention guidelines for our non-employee directors. The stock ownership guidelines for our executive officers who are classified as Vice President and above and described in the “Compensation Discussion and Analysis” above. The stock ownership guidelines for our non-employee directors were adopted to encourage our non-employee directors to have a meaningful stake in the Company, which encourages a focus on our long-term success, aligns directors’ interests with the interests of our stockholders and further promotes our commitment to sound corporate governance.

Under their stock ownership guidelines, each of our non-employee directors must own an amount of our common stock equal in value to five times of the base annual retainer for non-employee directors. Stock options (whether vested or unvested) and unvested performance-based awards are not counted as shares owned for the purpose of calculating stock ownership under the guidelines.

The determination of a non-employee director’s stock ownership requirement will be calculated on an annual measurement date specified by the compensation committee based on the current base retainer of such non-employee director on the measurement date. For purposes of the stock ownership and retention guidelines, the term “base retainer” means the base annual cash retainer that each non-employee director receives for his or her service on our board of directors, which does not include any fees that any non-employee director receives for his or her service as a chairperson of our board of directors, Chairman Emeritus (or similar role or title), lead independent director, a member of a committee of our board of directors or a chairperson of a committee of our board of directors.

The compensation committee reviews compliance with the stock ownership and retention guidelines on an annual basis. As of December 31, 2023, all non-employee directors were in compliance with the stock ownership and retention guidelines.

- (1) Beneficial ownership is determined in accordance with SEC rules. In computing percentage ownership of each person, (i) shares of common stock subject to options held by that person that are exercisable as of April 2, 2024 and (ii) shares of common stock subject to options or restricted stock units held by that person that are exercisable or vesting within 60 days of April 2, 2024, are all deemed to be beneficially owned. These shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of each other person. The percentage of shares beneficially owned is based on 178,340,367 shares of common stock outstanding as of April 2, 2024. Unless otherwise indicated, all amounts exclude shares issuable upon the exercise of outstanding options and vesting of restricted stock units that are not exercisable and/or vested as of April 2, 2024 or within 60 days of April 2, 2024. Except as noted, each stockholder in the above table is believed to have sole voting and sole investment power with respect to the common stock beneficially held.
- (2) All of these shares are held by Stice Investments, Ltd., which is managed by Stice Management, LLC, its general partner. Mr. Stice gifted an estimated 14% limited partner interest in Stice Investments, Ltd., which interest was owned by Mr. Stice as of that date as his sole and separate property, to the Stice 2023 Family Trust, of which Mr. Stice's spouse is the sole trustee and primary beneficiary and his adult children are secondary beneficiaries, pursuant to the gift assignment executed on December 14, 2023 and effective as of December 31, 2023, subject to the third-party valuation of the fair market value of the gifted interest as of December 31, 2023. Mr. Stice and his spouse hold 100% of the membership interests in Stice Management, LLC, of which Mr. Stice is the manager. Mr. Stice may be deemed to share beneficial ownership of securities beneficially owned by his spouse and, as a result, shares subject to the gift may be deemed to be indirectly beneficially owned by Mr. Stice following the gift. Mr. Stice disclaims beneficial ownership of the shares subject to the gift, except to the extent of his actual pecuniary interest therein. Excludes (i) 9,002 restricted stock units that are scheduled to vest on March 1, 2025, (ii) 14,640 restricted stock units granted on March 1, 2024 that are scheduled to vest in two remaining substantially equal annual installments beginning on March 1, 2025. Also excludes (i) 41,524 performance-based restricted stock units awarded to Mr. Stice on March 1, 2022 that are subject to the satisfaction of certain stockholder return performance conditions relative to Diamondback's TSR performance peer group during the three-year performance period ending on December 31, 2024 (ii) 40,509 performance-based restricted stock units awarded to Mr. Stice on March 1, 2023 that are subject to the satisfaction of certain stockholder return performance conditions relative to Diamondback's TSR performance peer group during the three-year performance period ending on December 31, 2025, and (iii) 32,943 performance-based restricted stock units awarded to Mr. Stice on March 1, 2024 that are subject to the satisfaction of certain stockholder return performance conditions relative to Diamondback's TSR performance peer group during the three-year performance period ending on December 31, 2026.
- (3) Excludes (i) 4,048 restricted stock units, that are scheduled to vest on March 1, 2025, (ii) 6,006 restricted stock units granted on March 1, 2024 that are scheduled to vest in two remaining substantially equal annual installments beginning on March 1, 2025, (iii) 8,790 restricted stock units that are scheduled to vest in five equal annual installments beginning on March 1, 2025, (iv) 13,183 performance-based restricted stock units awarded to Mr. Van't Hof on March 1, 2019 that are subject to the satisfaction of certain stockholder return performance conditions relative to Diamondback's TSR performance peer group during the three-year performance period ending on December 31, 2021 and are scheduled to vest in five equal annual installments beginning on March 1, 2025, (v) 17,302 performance-based restricted stock units awarded to Mr. Van't Hof on March 1, 2022 that are subject to the satisfaction of certain stockholder return performance conditions relative to Diamondback's TSR performance peer group during the three-year performance period ending on December 31, 2024, (vi) 18,218 performance-based restricted stock units awarded to Mr. Van't Hof on March 1, 2023 that are subject to the satisfaction of certain stockholder return performance conditions relative to Diamondback's TSR performance peer group during the three-year performance period ending on December 31, 2025, and (vii) 13,515 performance-based restricted stock units awarded to Mr. Van't Hof on March 1, 2024 that are subject to the satisfaction of certain stockholder return performance conditions relative to Diamondback's TSR performance peer group during the three-year performance period ending on December 31, 2026.

STOCK PERFORMANCE GRAPH

Since our initial public offering in October of 2012, our executive management has been focused not only on achieving peer-leading operational performance and cost structure in the Permian Basin, but also on creating superior stockholder value. The following performance graph includes a comparison of our cumulative total stockholder return from the first trading date following our IPO through December 31, 2023, with the average performance of our 2023 proxy peer groups identified in the “Compensation Discussion and Analysis,” the Standard & Poor’s 500 Stock Index, a broad market index, or the S&P 500 Index, and the SPDR S&P Oil & Gas Exploration and Production ETF, or XOP Index. The graph assumes an investment of \$100 on such date, and that all dividends were reinvested. Our stock performance graph for the last five years is included in our most recent Annual Report on Form 10-K, filed with the SEC on February 22, 2024, which information is incorporated herein by reference.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

— REVIEW AND APPROVAL OF RELATED PARTY TRANSACTIONS

Our board of directors has adopted a written policy regarding related party transactions. Under the policy, the audit committee reviews and approves all relationships and transactions in which we and our directors, director nominees and executive officers and their immediate family members, as well as holders of more than 5% of any class of our voting securities and their immediate family members, have a direct or indirect material interest. The policy provides that, the following do not create a material direct or indirect interest on behalf of the related party and are therefore not related party transactions:

- a transaction involving compensation of directors;
- a transaction involving compensation of an executive officer or involving an employment agreement, severance arrangement, change in control provision or agreement or special supplemental benefit of an executive officer;
- a transaction with a related party involving less than \$120,000;
- a transaction in which the interest of the related party arises solely from the ownership of a class of our equity securities and all holders of that class receive the same benefit on a pro rata basis;
- a transaction involving indemnification payments and payments under directors and officers indemnification insurance policies made pursuant to our certificate of incorporation or bylaws or pursuant to any policy, agreement or instrument of the Company or to which the Company is bound; and
- a transaction in which the interest of the related party arises solely from indebtedness of a 5% stockholder or an “immediate family member” of a 5% stockholder.

The policy supplements the conflict of interest provisions in our Code of Business Conduct and Ethics.

● PROPOSAL 2

● APPROVE, ON AN ADVISORY BASIS, THE COMPANY'S EXECUTIVE COMPENSATION

In accordance with Section 14A of the Exchange Act, our board of directors is providing our stockholders with a non-binding advisory vote on the Company's executive compensation as reported in this proxy statement, or "say on pay" vote. The Company's stockholders are being asked to vote on the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby approved."

While the vote on executive compensation is non-binding and solely advisory in nature, our board of directors and the compensation committee will review and consider the "say on pay" voting results when making future decisions regarding our executive compensation program. Our stockholders have a "say on pay" vote each year. The next "say on pay" vote will take place at our 2025 Annual Meeting.

Stockholders are encouraged to carefully review the "Compensation Discussion and Analysis" section of this proxy statement, which discusses in detail the Company's compensation policy and compensation arrangements which the Company believes are appropriate and reasonably consistent with market practice and with the long-term interests of the Company and its stockholders. In furtherance of the Company's goals and objectives, the compensation committee, among other things, ensures that the Company's executive compensation arrangements (i) do not incentivize executives to take unnecessary risks, (ii) do not include excessive change in control provisions, (iii) offer performance-based compensation, consisting of cash compensation with performance goals tied to our Company's performance and performance-based equity awards, based on total stockholder return relative to the peer group and (iv) include long-term vesting provisions in the awards of time-based restricted stock units retain key executive talent and to encourage executives to focus on long-term performance, in each case to motivate our executives to contribute to the growth, profitability and increased value of the Company.

— BOARD VOTING RECOMMENDATION

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPANY'S EXECUTIVE COMPENSATION AS REPORTED IN THIS PROXY STATEMENT.

For 2022, the amount represents fees of \$34,125 for a limited assurance attestation review for Diamondback Energy, Inc.'s 2022 Corporate Sustainability Report.

(3) Tax fees represent aggregate fees for tax services, consisting of tax return compliance, tax advice and tax planning.

(4) All other fees represent aggregate fees for all other services.

— DOES THE AUDIT COMMITTEE APPROVE THE SERVICES PROVIDED BY GRANT THORNTON?

It is our audit committee's policy to pre-approve all audit, audit related and permissible non-audit services rendered to us by our independent auditor. Consistent with such policy, all of the fees listed above that we incurred for services rendered by Grant Thornton subsequent to our initial public offering in October 2012 and the formation of our audit committee were pre-approved by our audit committee.

— WILL A REPRESENTATIVE OF GRANT THORNTON BE PRESENT AT THE MEETING?

Yes, one or more representatives of Grant Thornton will be present at the meeting. The representatives will have an opportunity to make a statement if they desire and will be available to respond to appropriate questions from the stockholders.

— WHAT VOTE IS REQUIRED TO APPROVE THIS PROPOSAL?

Stockholder ratification of the appointment of our independent auditors is not required by the Company's bylaws or otherwise. However, we are submitting this proposal to the stockholders as a matter of good corporate practice. Approval of this proposal requires the affirmative vote of a majority of the votes cast on the proposal. If the appointment of Grant Thornton is not ratified, the audit committee will reconsider the appointment. Even if the appointment is ratified, the audit committee in its discretion may direct the appointment of a different independent audit firm at any time during the year if it is determined that such change would be in best interests of the Company and its stockholders.

— HAS GRANT THORNTON ALWAYS SERVED AS DIAMONDBACK'S INDEPENDENT AUDITORS?

Grant Thornton has served as our independent auditors since 2009.

— WHAT DOES THE BOARD OF DIRECTORS RECOMMEND?

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE YEAR 2023.

FREQUENTLY ASKED QUESTIONS ABOUT THE ANNUAL MEETING

Who is soliciting my vote?

The board of directors of Diamondback Energy, Inc., which we refer to as “Diamondback,” the “Company” and “we” in this proxy statement, is soliciting your vote at the 2024 Annual Meeting of Stockholders.

What am I voting on, what are the voting options and how does the board of directors recommend that I vote my shares?

Brief Description of Proposal	Voting Options	Board's Recommendation
1. Election of Directors	FOR, AGAINST or ABSTAIN (for each director nominee)	✓ FOR each nominee
2. Approval, on an Advisory Basis, the Company's Executive Compensation	FOR, AGAINST or ABSTAIN	✓ FOR
3. Ratify the appointment of our independent auditors	FOR, AGAINST or ABSTAIN	✓ FOR

Who is entitled to vote?

You may vote if you were the record owner of our common stock as of the close of business on April 11, 2024. Each share of common stock is entitled to one vote. As of April 11, 2024, we had 178,343,733 shares of common stock outstanding and entitled to vote. There is no cumulative voting.

How many votes must be present to hold the meeting?

Your shares are counted as present at the Annual Meeting if you attend the meeting and vote in person or if you properly grant your proxy by telephone, Internet or mail. In order for us to hold our meeting, holders of a majority of the voting power of our outstanding shares of common stock as of the close of business on April 11, 2024 must be present in person or by proxy at the meeting. This is referred to as a quorum. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

What is a broker non-vote?

If a broker does not have discretion to vote shares held in street name on a particular proposal and does not receive instructions from the beneficial owner on how to vote those shares, the broker may not vote on that proposal. This is known as a *broker non-vote*. No broker may vote your shares without your specific instructions on any of the proposals to be considered at the Annual Meeting other than on the proposals that are considered to be “routine.” Under the rules of the New York Stock Exchange (NYSE), which apply to brokers regardless of whether an issuer is listed on the NYSE or Nasdaq, Proposal 3 relating to the ratification of our independent auditors is considered to be a “routine” matter. Accordingly, brokers will have discretionary authority to vote on Proposal 3 but will not have discretionary authority to vote on Proposal 1 or Proposal 2 at the Annual Meeting without your specific instructions.

How many votes are needed to approve each of the proposals, and what are the effects of abstentions, broker non-votes and unmarked, signed proxy cards?

Brief Description of Proposal	Vote Required to Adopt the Proposal	Effect of Abstentions	Effect of Broker-Non Votes	Unmarked/Signed Proxy Cards
1. Election of Directors	Directors will be elected by the affirmative vote of a majority of the votes cast, in person or by proxy, which means that the number of shares voted "FOR" a director nominee must exceed the number of votes cast "AGAINST" that nominee. ⁽¹⁾	None	None	✓ FOR each nominee
2. Approval, on an Advisory Basis, the Company's Executive Compensation	Majority of the votes cast by the stockholders present in person or represented by proxy	None	None	✓ FOR
3. Ratify the appointment of our independent auditors	Majority of the votes cast by the stockholders present in person or represented by proxy	None	Not applicable	✓ FOR

(1) If any incumbent director is not elected because he or she does not receive a majority of the votes cast, he or she is required to immediately tender his or her resignation for consideration by our board of directors. Our board of directors will evaluate whether to accept or reject such resignation, or whether other action should be taken; provided, however, that the board will act on such resignation and publicly disclose its decision to accept or reject such resignation and the rationale behind such decision within 90 days from the date of the certification of the director election results.

How do I vote?

You can vote either in *person* at the meeting or by *proxy* without attending the meeting.

To vote by proxy, you may vote by telephone or through the Internet by following the instructions included on the Notice of Internet Availability of Proxy Materials or proxy card, or, if you request to receive a paper copy of the proxy card, by returning a signed, dated and marked proxy card. If you are a registered holder or hold your shares in street name, votes submitted by Internet or telephone must be received by 1:00 a.m., Central Time, on June 6, 2024.

Even if you plan to attend the meeting, we encourage you to vote your shares by proxy. If you plan to vote in person at the Annual Meeting, and you hold your stock in street name, you must obtain a proxy from your broker and bring that proxy to the meeting. See also "How to attend the Annual Meeting?" below.

May I change my vote?

Yes, if you are a registered stockholder. You may change or revoke your vote at any time before the polls close at the Annual Meeting. You may do this by:

- If you voted by telephone or the internet, access the method you used and follow the instructions given for revoking a proxy;
- If you mailed a signed proxy card, then mail a new valid proxy card bearing a later date and return it to us prior to the Annual Meeting;
- Submitting another valid proxy bearing a later date and returning it to us prior to the meeting;
- Sending our Corporate Secretary a written document revoking your earlier proxy; or
- Voting again at the Annual Meeting.

However, if you are a beneficial owner and your shares are held in street name by a broker or other nominee, you must contact your broker or such other nominee to change or revoke your proxy.

Who counts the votes?

We have engaged Computershare Trust Company, N.A., our transfer agent, to count the votes represented by proxies cast by telephone, Internet, mail or ballot. An employee of Computershare Trust Company, N.A. will act as our Inspector of Elections.

How are proxies being solicited and who pays the related expenses?

Our board of directors has sent you this proxy statement. Our directors, officers and employees may solicit proxies by mail, by telephone or in person. Those persons will receive no additional compensation for any solicitation activities. We will request banking institutions, brokerage firms, custodians, trustees, nominees and fiduciaries to forward solicitation materials to the beneficial owners of common stock held of record by those entities, and we will, upon the request of those record holders, reimburse reasonable forwarding expenses. We have engaged Georgeson LLC (“Georgeson”) to assist in the distribution of proxy materials and solicitation of votes. The Company will pay Georgeson a base fee of \$22,500, plus customary costs and expenses, for these services and has agreed to indemnify Georgeson against certain liabilities in connection with its engagement. We will pay the costs of preparing, printing, assembling and mailing the proxy material used in the solicitation of proxies.

Will my vote be confidential?

Yes. As a matter of Company policy, proxies, ballots and voting tabulations that identify individual stockholders are treated as confidential. Only the tabulation agent and the inspector of elections have access to your vote. Directors and employees of the Company may see your vote only if there is a contested proxy solicitation, as required by law or in certain other special circumstances.

Where can I find the voting results of the Annual Meeting?

We will report the voting results on a Current Report on Form 8-K which will be filed with the SEC no later than four business days after the Annual Meeting.

Will my shares be voted if I don’t provide my proxy and don’t attend the Annual Meeting?

If you do not provide a proxy or vote your shares held in your name, your shares will not be voted.

If you hold your shares in street name, your broker may be able to vote your shares for certain “routine” matters even if you do not provide the broker with voting instructions. As discussed above, Proposal 3 relating to the ratification of Grant Thornton LLP as our independent auditors for 2024 is considered routine. For matters not considered “routine,” if you do not give your broker instructions on how to vote your shares, the broker may not vote on that proposal. This is a broker non-vote.

Proposals 1 and 2 are not considered routine. As a result, no broker may vote your shares on these proposals without your specific instructions.

Could other matters be decided at the Annual Meeting?

We are not aware of any other matters that will be considered at the Annual Meeting. If any other matters are properly presented to be considered and voted on at the Annual Meeting, the persons named in your proxies will vote in accordance with their best judgment. Discretionary authority to vote on other matters is included in the proxy.

Who can attend the meeting?

The Annual Meeting is only open to holders of our common stock as of the record date, April 11, 2024.

What do I need to bring to attend the Annual Meeting?

You will need proof of ownership of our common stock to attend the meeting in person. If your shares are in the name of your broker or bank or other nominee, you will need to bring evidence of your stock ownership, such as your most recent brokerage statement. All stockholders will be required to present valid picture identification. **IF YOU DO NOT HAVE VALID PICTURE IDENTIFICATION AND PROOF THAT YOU OWN SHARES OF OUR STOCK AS OF THE RECORD DATE, YOU MAY NOT BE ADMITTED INTO THE MEETING.**

How to attend the Annual Meeting?

The Annual Meeting will be held at the Petroleum Club of Midland, 501 West Wall Street, Midland, TX 79701. From Midland International Air & Space Port located at 9506 La Force Blvd., keep left on La Force Blvd., turn right on West Highway 80 East toward Odessa, Texas, keep right onto West Highway 80 East, turn left on West Country Road 117, turn left on US-80, continue toward Midland, Texas, take a slight right turn onto West Front Street, turn left onto South Marienfeld Street and turn left onto West Wall Street. The Petroleum Club of Midland is on the left at 501 West Wall Street.

How can I access the Company's proxy materials and annual report electronically?

This proxy statement and the Company's 2023 Annual Report on Form 10-K are available at www.envisionreports.com/FANG.

Why did I receive a Notice of Internet Availability of Proxy Materials instead of a paper copy of the proxy materials?

We are providing access to our proxy materials, including this proxy statement and our 2023 Annual Report on Form 10-K, over the Internet in accordance with the rules of the Securities and Exchange Commission, or the SEC. As a result, we are mailing to our stockholders a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy materials. Your Notice of Internet Availability of Proxy Materials contains instructions on how to access our proxy materials over the Internet, as well as instructions on how to request a paper copy of our proxy materials by mail.

Our proxy materials are also available at www.envisionreports.com/FANG.

How can I request a full set of proxy materials?

You may request, without charge, a full set of our proxy materials, including our 2023 Annual Report on Form 10-K, for one year following the annual meeting of stockholders. If a broker or other nominee holds your shares of record, you may request a full set of our proxy materials by following the instructions contained in the Notice of Internet Availability of Proxy Materials that you received.

What is householding?

The SEC permits a single set of Notice of Internet Availability of Proxy Materials or annual reports and proxy statements to be sent to any household at which two or more stockholders reside if they appear to be members of the same family. Each stockholder continues to receive a separate proxy card, if a proxy card is provided. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces our mailing and printing expenses.

If you and other residents at your mailing address own shares of our common stock, you may have only received one Notice of Internet Availability of Proxy Materials or Annual Report and proxy statement, unless we have received contrary instructions from you. If you would like to receive your own set of Notice of Internet Availability of Proxy Materials or the annual report and proxy statement this year or in future years, follow the instructions described below. We will promptly send a separate copy of the Notice of Internet Availability of Proxy Materials or Annual Report and proxy statement, as applicable. Similarly, if you share an address with another Diamondback stockholder and together both of you would like to receive in the future only a single Notice of Internet Availability of Proxy Materials or annual report and proxy statement, follow these instructions:

- If your shares of our common stock are registered in your own name, please contact our transfer agent, Computershare Trust Company, N.A., and inform them of your request by calling their toll-free number: (800) 962-4284 or by mail: Computershare Trust Company, N.A., 250 Royall Street, Canton, MA 02021.
- If a broker or other nominee holds your shares, please contact your broker or nominee.

SUBMISSION OF FUTURE STOCKHOLDER PROPOSALS

Under SEC rules, a stockholder who intends to present a proposal, other than director nominations, at the 2025 Annual Meeting of Stockholders and who wishes the proposal to be included in the proxy statement for that meeting must submit the proposal in writing to our Corporate Secretary. The proposal must comply with the requirements set forth in our bylaws and must be received no later than December 26, 2024.

Our proxy access bylaw provisions permit a stockholder, or a group of up to 20 eligible stockholders, that has continuously owned for no less than three years at least 3% of our outstanding common stock, to nominate and include in our proxy materials up to the greater of two directors and 20% of the number of directors currently serving on the Company's board, provided that the stockholder(s) and the nominee(s) satisfy the requirements specified in our bylaws. Subject to compliance with other applicable requirements specified in the proxy access provisions of our bylaws, stockholder director nominations for inclusion in our proxy materials for the 2025 Annual Meeting of Stockholders must be received between November 26, 2024 and December 26, 2024.

Stockholders who wish to propose a matter for action at the 2025 Annual Meeting of Stockholders, including the nomination of directors, but who do not wish to have the proposal or nomination included in the proxy statement, must notify the Company in writing of the information required by the provisions of our bylaws dealing with stockholder proposals. The notice must be delivered to our Corporate Secretary between February 6, 2025 and March 8, 2025. You can obtain a copy of our bylaws by writing the Corporate Secretary at the address below.

In addition to satisfying the foregoing requirements under our Bylaws and comply with the SEC's universal proxy rules, stockholders who intend to solicit proxies in support of director nominees other than the Company's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than April 7, 2025.

All written proposals should be directed to Corporate Secretary, Diamondback Energy, Inc., 500 West Texas Ave, Suite 100, Midland, TX 79701.

The board of directors is responsible for selecting and recommending director candidates and will consider nominees recommended by stockholders. If you wish to have the board of directors consider a nominee for director, you must send a written notice to our Corporate Secretary at the address provided above and include the information required by our bylaws and discussed on page 23 of this proxy statement.

OTHER MATTERS

Delinquent Section 16(a) Reports

Based solely on the review of Forms 3 and 4 and amendments thereto furnished to Diamondback during 2023, including those reports filed on behalf of our directors and Section 16 officers pursuant to powers of attorney, no person subject to Section 16 of the Securities Exchange Act of 1934, as amended, failed to file on a timely basis during 2023.

Availability of Annual Report on Form 10-K

SEC rules require us to provide an Annual Report on Form 10-K to Stockholders who receive this proxy statement. Additional copies of the 2023 Annual Report on Form 10-K, including the financial statements and the financial statement schedules, are available without charge to stockholders upon written request to Corporate Secretary, Diamondback Energy, Inc., 500 West Texas Ave, Suite 100, Midland, TX 79701 or via the Internet at <https://ir.diamondbackenergy.com/investors/financial-information>. We will furnish the exhibits to our 2023 Annual Report on Form 10-K upon payment of our copying and mailing expenses.

Forward-Looking Statements

This proxy statement contains “forward-looking statements” within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act, which involve risks, uncertainties, and assumptions. All statements, other than statements of historical fact, including statements regarding Diamondback’s: future performance; business strategy; future operations and plans and objectives of management (including plans for future cash flow from operations and for executing environmental strategies) are forward-looking statements. When used in this proxy statement, the words “aim,” “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “forecast,” “future,” “guidance,” “intend,” “may,” “model,” “outlook,” “plan,” “positioned,” “potential,” “predict,” “project,” “seek,” “should,” “target,” “will,” “would,” and similar expressions (including the negative of such terms) as they relate to Diamondback are intended to identify forward-looking statements, although not all forward-looking statements contain such identifying words. Although Diamondback believes that the expectations and assumptions reflected in its forward-looking statements are reasonable as and when made, they involve risks and uncertainties that are difficult to predict and, in many cases, beyond Diamondback’s control. In addition, some of our sustainability goals, in particular those related to environmental matters, are based on our current expectations that may turn out to be inaccurate. Accordingly, forward-looking statements are not guarantees of future performance and Diamondback’s actual outcomes could differ materially from what Diamondback has expressed in its forward-looking statements.

Factors that could cause the outcomes to differ materially include (but are not limited to) the following: changes in supply and demand levels for oil, natural gas, and natural gas liquids, and the resulting impact on the price for those commodities; the impact of public health crises, including epidemic or pandemic diseases such as the COVID-19 pandemic, and any related company or government policies or actions; actions taken by the members of OPEC and other oil producing countries affecting the production and pricing of oil, as well as other domestic and global political, economic, or diplomatic developments, including any impact of the ongoing war in Ukraine and the Israel-Hamas war on the global energy markets and geopolitical stability; concerns over a potential economic slowdown or recession; inflationary pressures; rising interest rates and their impact on the cost of capital regional supply and demand factors, including delays, curtailment delays or interruptions of production, or governmental orders, rules or regulations that impose production limits; federal and state legislative and regulatory initiatives relating to hydraulic fracturing, including the effect of existing and future laws and governmental regulations; and the risks and other factors disclosed in Diamondback’s filings with the Securities and Exchange Commission, including its Forms 10-K, 10-Q and 8-K, which can be obtained free of charge on the Securities and Exchange Commission’s web site at <http://www.sec.gov>. Given these risks and uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements.

In light of these factors, the events anticipated by Diamondback’s forward-looking statements may not occur at the time anticipated or at all. Moreover, Diamondback operates in a very competitive and rapidly changing environment and new risks emerge from time to time. Diamondback cannot predict all risks, nor can it assess the impact of all factors on its business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those anticipated by any forward-looking statements it may make. Accordingly, you should not place undue reliance on any forward-looking statements made in this proxy statement. All forward-looking statements speak only as of the date of this proxy statement or, if earlier, as of the date they were made. Diamondback does not intend to, and disclaims any obligation to, update or revise any forward-looking statements unless required by applicable law.

No reports, documents or websites that are cited or referred to in this proxy statement shall be deemed to form part of, or to be incorporated by reference into, this proxy statement.

SCHEDULE A

NON-GAAP RECONCILIATIONS

— OPERATING CASH FLOW TO FREE CASH FLOW

Free Cash Flow is a supplemental non-GAAP financial measure that is used by management and external users of our financial statements, such as industry analysts, investors, lenders and rating agencies. The Company defines Free Cash Flow as cash flow from operating activities before changes in working capital in excess of cash capital expenditures. The Company believes that Free Cash Flow is useful to investors as it provides a measure to compare both cash flow from operating activities and additions to oil and natural gas properties across periods on a consistent basis. Operating cash flow before working capital changes, which is a non-GAAP financial measure, represents net cash provided by operating activities as determined under GAAP without regard to changes in operating assets and liabilities. The Company believes operating cash flow before working capital changes is an accepted measure of an oil and natural gas company's ability to generate cash used to fund exploration, development and acquisition activities and service debt or pay dividends.

These measures should not be considered as an alternative to, or more meaningful than, net cash provided by operating activities as an indicator of operating performance. The Company's computation of operating cash flow before working capital changes and Free Cash Flow may not be comparable to other similarly titled measures of other companies.

The following table presents a non-GAAP reconciliation of net cash provided by operating activities, a GAAP financial measure, to Free Cash Flow, a non-GAAP financial measure.

DIAMONDBACK ENERGY, INC. NON-GAAP RECONCILIATION OF FREE CASH FLOW (IN MILLIONS)

	Year Ended December 31,	
	2023	2022
Net cash provided by operating activities (GAAP)	\$ 5,920	\$ 6,325

Drilling, completions and infrastructure additions to oil and natural gas properties	2,582	1,854
Additions to midstream assets	119	84
Total Cash CAPEX	2,701	1,938
Free Cash Flow (Non-GAAP)	\$ 2,923	\$ 4,586

— ADJUSTED EBITDA AND ROACE

Adjusted EBITDA is a supplemental non-GAAP financial measure that is used by management and external users of our financial statements, such as industry analysts, investors, lenders and rating agencies. The Company defines Adjusted EBITDA as net income (loss) attributable to Diamondback Energy, Inc., plus net income (loss) attributable to non-controlling interest ("net income (loss)") before non-cash (gain) loss on derivative instruments, net, interest expense, net, depreciation, depletion, amortization and accretion, depreciation and interest expense related to equity method investments, (gain) loss on extinguishment of debt, non-cash equity-based compensation expense, capitalized equity-based compensation expense, merger and integration expense, other non-cash transactions and provision for (benefit from) income taxes, if any. Adjusted EBITDA is not a measure of net income as determined by United States generally accepted accounting principles ("GAAP"). Management believes Adjusted EBITDA is useful because the measure allows it to more effectively evaluate the Company's operating performance and compare the results of its operations from period to period without regard to its financing methods or capital structure. The Company adds the items listed above to net income (loss) to determine Adjusted EBITDA because these amounts can vary substantially from company to company within its industry depending upon accounting

methods and book values of assets, capital structures and the method by which the assets were acquired. Adjusted EBITDA should not be considered as an alternative to, or more meaningful than, net income as determined in accordance with GAAP or as an indicator of the Company's operating performance or liquidity. Certain items excluded from Adjusted EBITDA are significant components in understanding and assessing a company's financial performance, such as a company's cost of capital and tax structure, as well as the historic costs of depreciable assets. The Company's computation of Adjusted EBITDA may not be comparable to other similarly titled measures of other companies or to such measure in our credit facility or any of our other contracts.

Return on Average Capital Employed, or ROACE, is a supplemental non-GAAP financial measure that is used by management to measure profitability after factoring in the amount of capital used in the Company's operations. The Company defines ROACE as consolidated Adjusted EBITDA less depreciation, depletion, amortization and accretion ("Adjusted EBIT"), divided by the sum of the average total assets less average current liabilities ("capital employed") for the current year and prior year. ROACE should not be considered as an alternative to, or more meaningful than, net income as determined in accordance with GAAP or as an indicator of the Company's operating performance or liquidity.

The following table presents a non-GAAP reconciliation of Net income (loss) attributable to Diamondback Energy, Inc., a GAAP measure, to Adjusted EBITDA, a non-GAAP financial measure, and the further reconciliation to ROACE, an additional non-GAAP financial measure.

	Year Ended December 31,

Proxy – Diamondback Energy, Inc.

Annual Meeting of Stockholders

This Proxy Is Solicited On Behalf Of The Board Of Directors

The undersigned hereby appoints Travis D. Stice, Kaes Van't Hof, Theresa L. Dick and Matt Zmigrosky (together, the "Proxies"), and each of them, with full power of substitution, as proxies to vote the shares that the undersigned is entitled to vote at the Annual Meeting of Stockholders of Diamondback Energy, Inc. (the "Company") to be held on June 6, 2024 at 9:30 a.m. CT and at any adjournments and postponements thereof. Such shares shall be voted as indicated with respect to the proposals listed on the reverse side hereof and in the Proxies' discretion on such other matters as may properly come before the meeting or any adjournment or postponement thereof.

The undersigned acknowledges receipt of the 2024 Notice of Annual Meeting, the accompanying Proxy Statement and the 2023 Annual Report to Stockholders and revokes all prior proxies for said meeting.

THE SHARES REPRESENTED BY THIS PROXY WHEN PROPERLY EXECUTED WILL BE VOTED IN THE MANNER DIRECTED HEREIN BY THE UNDERSIGNED STOCKHOLDER. IF NO SPECIFIC DIRECTION IS GIVEN AS TO THE PROPOSALS ON THE REVERSE SIDE, THIS PROXY WILL BE VOTED FOR EACH OF THE NOMINEES NAMED IN PROPOSAL 1 AND FOR PROPOSALS 2 AND 3, ALL IN ACCORDANCE WITH THE BOARD OF DIRECTORS' RECOMMENDATION.

IMPORTANT - PLEASE MARK, SIGN, DATE AND RETURN THE PROXY CARD PROMPTLY. THANK YOU FOR VOTING.

(Continued and to be marked, dated and signed on reverse side.)
